AUTO CRASHES AND BURNS ON FRIDAY NIGHT

Ronald Topper, 19, Gettysburg R. 2, and his brother, Luther, a passenger in the car, escaped injury Friday night at 11 o'clock when the Topper car crashed into several junked cars at the Crouse salvage yard about a mile south of here on the Littlestown Rd.

State police said Ronald Topper was driving north and passing another vehicle on the crest of a grade when he saw a southbound auto approaching.

Topper attempted to swerve back into the northbound lane, but lost control of his car, according to the police. His vehicle ran off the road and smashed into the junked autos.

The Topper car burst into flames and the Gettysburg firemen were summoned. The Topper car was demolished.

Topper was reported to have been returning from the Westminster-Gettysburg football game, and the accident tied up traffic for about a half hour, halting a number of others who were returning from the football game.

Damage totaled $205 in another accident investigated by state police from the local substation Friday evening. According to the officers, Donald Edgar Hawbaker, 19, Biglerville R. 1, struck the rear of an auto driven by Joseph A. Cuffago, 33, York, at 4:21 o'clock Friday afternoon four miles west of here on the Lincoln Highway. Damage was estimated at $80 to the Hawbaker car and $125 to the Cuffago vehicle.

GIVE PUPILS BOOKMARKS WITH PRAYERS

Bookmarks bearing 10 prayers each, one for each school day for two weeks, have been distributed to Fairfield school children by the Fairfield Ministerium.

Labeled "Prayers Before School," the bookmarks are to be handed out at two-week intervals with each pastor in the community to provide the prayers for two consecutive sets of cards through next May.

The prayer card plan replaces the before school services which were conducted in a community church after prayers and Bible reading in school were banned by school authorities following the Supreme Court decision.

Attendance at the services was good last fall, dwindled during the winter months and attracted only a small number of pupils as the school year ended.

The first set of prayers was written by the Rev. Otto Kroeger, pastor of Zion Lutheran Church.

The prayers for October will be written by the Rev. William Marshall, pastor of Grace Baptist Church. The Rev. Fr. Daniel Mahoney, pastor of St. Mary's Catholic Church, will provide the prayers for November; the Rev. James Lesher, Iron Springs Brethren in Christ Church, December; the Rev. Gerhard Klaassen, Mennonite, January; the Rev. Alfred Gotwalt, Orrtanna EUB charge, February; the Rev. Robert Paden, St. John's United Church of Christ, March; the Rev. Joseph Woods, Lower Marsh Creek Presbyterian, April, and the field worker for the Zion Lutheran Church next May.

The bookmarks, with the printed prayers, each designated for a particular day, were given to 824 pupils at Fairfield as schools opened this week.

FR. HEMLER, 32, DIES THURSDAY

The Rev. Fr. Robert F. Hemler, O.S.A., 32, of the faculty of Msgr. Bonner High School, Drexel Hill, died Thursday in Lankenau Hospital. He was a native of McSherrystown.

Father Hemler was a graduate of Villanova University and entered the Order of St. Augustine on October 15, 1952 and professed his religious vows on October 16 of the following year.

He studied philosophy at St. Mary's Seminary, Villanova, and continued his study of theology at the Augustinian Seminary, Washington, D. C., until June, 1958.

Yesterday's high	94
Last night's low	60
Today at 8 a.m.	60
Today at 11 a.m.	61
Rain overnight	0.24 in.

Rain Breaks Heat Wave

Friday evening's brief heavy showers brought Gettysburg a quarter of an inch of rain and a 34-degree overnight drop in temperature.

The high Friday afternoon was 94 degrees, making it the hottest day here since July 1 when the maximum was 97 degrees. The overnight low was 60 degrees and the thermometer at The Gettysburg Times weather station showed 60 degrees at 8 a.m.

WGET reported six-tenths of an inch. Rain marred the football game at Littlestown but the South Mountain Fair escaped showers.

This was the first rain for Gettysburg in 10 days and brings the month's total to only .44 hundredths of an inch. The first day of the month was credited with two-tenths of an inch.

Friday was the third consecutive day of above-90 weather. The high readings on Wednesday and Thursday were 92 degrees.

The high reading of 94 degrees here on Friday made it the hottest September 11 here since 1931 when the all-time high for the date of 95 degrees was equalled. That record had been set in 1925.

MOUNT OPENS SUNDAY WITH 252 FRESHMEN

Mount St. Mary's College, Emmitsburg, opens Sunday with registration for freshmen beginning at 1 p.m. in the Cogan Union Building. Registration will be the first step in a three-day orientation program for the 252 incoming freshmen.

Msgr. Robert R. Kline, Ph.D., college president, will welcome the members of the Class of 1968 at a special assembly following the evening dinner. Other administrative officers and student leaders will also speak to the freshmen and discuss the academic aims and goals of the college, religious opportunities of the collegian, disciplinary regulations, and extracurricular activities.

On Monday and Tuesday, the new freshmen will undergo an intensive testing program which is utilized by the college as part of its guidance program in placing the student in his proper course, as well as in future counseling by his faculty advisor. Robert P. Adams, director of guidance and placement, is in charge of the testing program.

SEMINARY OPENS

Also on Tuesday, the freshmen will be given an orientation in the use of the college library under the direction of the members of the library faculty, headed by Rev. Hugh J. Phillips, college librarian.

Mount St. Mary's Seminary opened for the school year on Friday with a capacity enrollment of 133 seminarians.

The Most Rev. Austin T. Murphy, auxiliary bishop of Baltimore, will officiate at ordinations on September 18-19 after the seminarians complete a six-day spiritual retreat under the direction of Rev. Francis Larkin of the Sacred Heart Fathers, Washington, D.C.

A faculty reception will be held for the new seminarians on Sunday evening, September 20, and classes will officially begin on Monday, September 21.

PROF. HALE TO PREACH HERE

The Rev. J. Russell Hale, assistant professor of sociology and psychology at the local seminary, will preach in Christ Lutheran Church Sunday for the observance of Parish Education Sunday. He is the author of "Is It Christian?", Tenth Grade text in the new curriculum which will be introduced throughout most of the Sunday Church classes on Sunday.

Before joining the seminary faculty, Prof. Hale was pastor of St. Paul's Lutheran Church, Collingswood, N. J., where the entire new curriculum of the Lutheran Church in America was field tested. Pastor Hale's sermon subject will be "How Quiet the Revolution."

Preparation of this material was begun more than 10 years ago in an effort to bring teachers' and pupils' materials up to date, coordinate the various teaching agencies within the congregation, make use of the educational strength of the Christian home and extend a concern for adult education. The publication of more than 500 major educational aids has been involved.

The central objective of the new curriculum is "to assist the in-

MARCH FOR C-P PLANNED FOR TUESDAY AT 6

Church bells will ring throughout the county at 6 o'clock Tuesday evening to mark the start of the annual "53-minute March for Cerebral Palsy."

Mrs. Robert Knouse, director for the campaign, said Friday afternoon at a meeting of the Adams County Committee for Cerebral Palsy at the Lamp Post Restaurant that approval for the plan has been given by ministers throughout the county. The bells will remind the public that solicitors will be coming to their homes between 6 and 6:53 to seek donations for the campaign.

At the same time she noted that some of the 218 volunteer canvassers throughout the county may not be able to complete their assigned districts within the 53 minutes allotted for the campaign, and asked the indulgance of the public if the convassers arrive following the 6:53 deadline.

LISTS CAPTAINS

The campaign headed by Mrs. Knouse is in the area outside Gettysburg, since the Gettysburg portion of the campaign will be handled as part of the annual United Fund drive now underway. In the county — outside Gettysburg — a total of $1,800 is sought from Tuesday's drive.

Mrs. Knouse announced these captains for the campaign in addition to those already listed: Mrs. Kenneth Hess, Seven Stars; Mrs. Bil Gilbert, Iron Springs; Mrs. Kenneth Tyson, Idaville; Mrs. Paul Middour, York Springs and Lotimore; Mrs. Clay Snyder, Gardners R. D.

Miss Doris Jean Blessing, Camp Hill, district United Cerebral Palsy official, gave her approval at Friday's meeting to a $3,147 budget for Cerebral Palsy funds to be expended, representing both the local collection and state funds. Mrs. Paul Reaser, teacher at the special class for children suffering from Cerebral Palsy said five have been enrolled. Mrs. Louise Hoffman, who transports the children to and from the class, said her trips total 130 miles each day.

Mrs. David Deitch, chairman of the county committee, was selected as delegate to the annual meeting of the United Cerebral Palsy of Pennsylvania at Harrisburg October 16 and 17.

Mrs. Knouse was elected as treasurer of the county committee, effective October 1.

QUICK CALL MAN ADDED; REGISTER 101

Registrations and selection of a new Quick Call employe occupied the attention of the county commissioners Friday.

Charles E. Gebhart, 33, Third St., Biglerville, was named by the commissioners for Quick Call duty. He will be paid $1.25 an hour and work a 48-hour week, from midnight to 8 o'clock in the morning six nights a week starting tonight.

The selection was made from several candidates submitted by the Adams County Quick Call committee, the commissioners said. Gebhart, a former state highways employe, has recovered from a back operation in May.

New registrations totaled 101 at the court house Friday, bringing the total since the opening of the registration books following the primary to 1,310. Fifty-four those registered Friday at the courthouse came in from 8 a.m. to 4 p.m., the other 47 from 4 to 10 p.m.

Of Friday's registration 49 were Democrats, 47 Republicans and five nonpartisan at the courthouse and 23 Democrats and 40 Republicans at the South Mountain Fair. The total new registration is 689 Democrats, 593 Republicans and 48 nonpartisan.

The special registrations will end Monday—last day for registering—with an 8 a.m. to 10 p.m. session at the courthouse. A large number were registering at the courthouse this morning and there will be a special registration tonight at the South Mountain Fairgrounds starting at 6 o'clock.

LACERATES FINGERS

Guy E. Feeser, 58, 381 E. King St., Littlestown, was treated Friday evening at the Warner Hospital for lacerations of two fingers suffered while using an electric saw.

BUY HOME HERE

Mr. and Mrs. Ward McCleaf, Hanover St., have sold a property at 59 Hanover St., to Mr. and Mrs. Joseph Kriz, Gettysburg R. 5. Immediate possession was given. The sale was made through Lee M. Hartman, realtor.

New Texas Monument

Miss Linda Corroum, information receptionist at the Gettysburg National Military Park Visitor Center, is shown looking at the new monument erected by the state of Texas on W. Confederate Ave. near its intersection with the Emmitsburg Rd. The newest monument on the field, the marker was placed last week in honor of the more than 1,000 Texans who took part in the battle here.

Swiss Are Best Farmers In Europe, Schriver Says; Russians Decades Behind

Elmer H. Schriver, agricultural education teacher at Gettysburg High School for many years, can tell his students this year of farming in Russia, Poland, Switzerland, Belgium as well as that in America.

The local educator less than a month ago was watching the peach harvest in southern Russia, between the Caspian and Black Seas. This week he is back at his duties of teaching area youngsters how to become better farmers.

His opinions gained on the tour —the Swiss are the best farmers he saw in Europe. Russians are from 25 to 40 years behind American farmers, but are "improving, making progress."

MEETS MUTUAL FRIEND

Schriver was one of 23 members of a group sponsored by Agway. Schriver was the lone agriculture teacher. The others were Farm Bureau and Agway managers, retired farmers, even some bankers. They were on a "people to people" tour to talk to as many people as possible. Since their interests were general, agricultural, they met many farmers.

One of those Schriver met was a young Pole, about 22, who had previously met Biglerville resident Allen Stauffer, when Stauffer took part in an earlier tour to the Iron Curtain countries. Stauffer had told Schriver he planned to write his friend in

ELMER H. SCHRIVER

Poland and that maybe the two would meet there. When Schriver arrived in Warsaw he was paged at a hovel. There was the young Polish resident, who had traveled 200 miles by train from his father's farm. Over a three-day period they met and conversed and toured the city. The Pole wanted to improve his English and learn as much as he could about the U. S., and so when Stauffer wrote him of Schriver's plans, the Pole decided to make the 10-hour trip to Warsaw to meet another Adams Countian.

Hurricane Ethel Heading For Bermuda Under Strong Winds; Gales Are Expected

MIAMI (AP) — Hurricane Ethel, fifth tropical storm of the season, bore down on Bermuda today with 95-mile winds. She threatened to score a direct hit.

Gales were expected to lash the resort island in the mid-Atlantic early today. Hurricane-force winds were expected around noon.

Meanwhile, thousands of people in Georgia and Florida began a massive cleanup and repair job in the wake of Hurricane Dora, Ethel's destructive sister.

The residents had President Johnson's promise of federal support. He picked his way through muck, debris and shattered buildings in Jacksonville, Fla., and Brunswick, Ga., during a dramatic personal inspection tour Friday. "We are going to bring the resources of the federal government together to meet this crisis," he said.

DORA DROWNING

The cause of the crisis, Dora, second hurricane to strike Florida within two weeks, was drowning herself in Georgia.

Dora's winds were little more than squalls, but the tons of rain she dropped flooded homes and highways and sent hundreds of snakes wriggling from river bottoms into the trees.

For a while, Ethel whipped along the same path that Dora took toward Florida. But Friday night, she eered sharply to the north and charged toward Bermuda.

Although not as large as Dora or as well-organized as Cleo — the other hurricane to strike land this season — Ethel was still a "respectable storm," said forecaster Arnold Sugg of the National Hurricane Center in Miami.

$200 MILLION LOSS

Forida Civil Defense Director Col. H. W. Tarkington, estimated Florida's damage at $200 million. He said $184 million damage was done to private property.

Johnson said federal aid would be pumped into Florida as soon as disaster surveys were completed.

"The Army Corps of Engineers is already busy on plans to assist in the rebuilding of your public beaches," he said.

Dora swept more than 2.5 million cubic yards of sand from Florida's white beaches, more than woud normally be eroded in 20 years, the University of Florida estimated.

TRAVEL GROUP ASKS HELPERS FOR OCT. 11

Gettysburg Travel Council's special events committee today is seeking countians who would like to appear in costume and put on displays of crafts or "what have you"' along the "Apple Harvest Trail" on October 11.

Walter B. Lane, chairman of the Travel Council committee, said efforts are being made to "set up various old-time occupations and displays at a dozen spots or more along the many miles of county highway that wind through the thousands of acres of orchard.

The Adams County Fruitgrowers apple harvest tour committee and the Travel Council are joining in the attempt to make the trip by the anticipated thousands of motorists through the area more appealing.

SEEK ADDED COLOR

"We wish to create on interesting and educational atmosphere at various stops along the apple harvest trial," Lane said in a letter sent to a number of countians who have in the past engaged in such activities. "We hope to have such things as antique cars, Civil War costumes and guns, the making of noodles and ice cream, the manufacturing of pewter spoons, soap making, quilting, weaving, various devices for apple paring, baking bread, apple butter making, possibly even old time organs and singers along the way. Those participating should be in costume to give color to the scene for picture taking by the visitors. "Those who might wish to participate in the afternoon and early evening program—"from noon to dusk"—are asked to phone or write the Gettysburg Travel Council office as quickly as possible so the program can be advertised in nearby cities.

The program is designed to add to the pleasure the visitors will receive from seeing the orchards at their harvest peak and the flaming foliage of the trees.

MRS. J. LIPPY EXPIRES AT 88

Mrs. John D. Lippy Sr., 88, 47 Chambersburg St., died Friday afternoon at 2:30 o'clock at the Homewood Church Home, Hanover, where she had been a guest for the last year.

The former Sara Lydia Ziegler, she was born in Gettysburg December 4, 1875, a daughter of the late William T. and Rebecca (Herman) Ziegler. Her husband, the late John D. Lippy Sr., died in 1954.

She was a member of Trinity United Church of Christ here and was confirmed at the church in 1891, making her the oldest member of the church from date of confirmation. She was also a member of the local chapter of the Daughters of the American Revolution.

Surviving are two sons, John D. Lippy Jr., 161 Seminary Ave., and Radford H. Lippy, 47 Chambersburg St.; two grandchildren, and seven great-grandchildren. She was the last member of her immediate family.

Funeral services Monday afternoon at 2 o'clock from the Bender Funeral Home, Carlisle St., with the Rev. Dr. Howard S. Fox, her pastor, officiating. Interment in Evergreen Cemetery. Friends may call at the funeral home Monday afternoon from 1 o'clock until the time of services.

Members Of Schick Here For Reunion

Continuing a tradition of many years' standing, descendants of the Schick family, who were formerly well known in Gettysburg, came here for an annual reunion this weekend.

This evening at 7:30 o'clock, five of them will dine with their children and guests at the Holiday Inn. The group will include Harold Schick Trump, Buck Hill Falls, a Gettysburg native; Mrs. Mary Boss, Baltimore; Mrs. S. Elizabeth Trump, Baltimore; Charles S. Trump, Berkeley Springs, W. Va., and Dr. Frank M. Trump, St. Petersburg, Fla.

Harold Schick Trump, senior member of the group, is a son of the late Dr. Charles S. and Eva (Schick) Trump. His father was a graduate of Gettysburg College in the Class of 1877 and of the seminary here.

TO HEAR MAYOR

County Civil Defense Director William G. Weaver will be the speaker at the Kiwanis Club meeting in the Holiday Inn Ballroom Monday evening at 6:30 o'clock. A meeting of the Halloween committee will follow the club session.

Recover Pair Of Tiny Bodies

FORT WORTH, Texas (AP) — Searchers recovered the bodies of two tiny brothers today from the Trinity River, where police quoted a teenager as saying he dropped one of the infants after a brutal attack on their mother.

The dead children were found several hours after black-haired Charles Roy Hefley, 16, made his statements to detectives in the presence of Police Chief Cato Hightower and newsmen.

A search for the children began after the discovery of Mrs. Carolyn Adams, 20, nude and unconscious Friday in a hay meadow on the east edge of Fort Worth. She had been stabbed four times.

RECOVER MORE LOOT HIDDEN IN BOYS' HOMES

Loot totaling $1,941.60 has been recovered from three juveniles who burglarized the Klunk's Hardware Store and the Fee's Cut-Rate Store in McSherrystown, state police reported today.

The officers said that continuing the investigation Friday disclosed that the youths had entered the Klunk store on two occasions instead of one as had been previously believed.

Earlier this week the officers recovered $700 worth of cash and merchandise taken from the two stores in burglaries occurring Monday night. At that time the officers secured about $500 in merchandise including rifles, pistols, knives, ammunition, hunting and fishing equipment taken from the Klunk store, and $100 in cash and $100 in merchandise, including three pairs of binoculars and a tape recorder stolen at Fee's store on Monday night.

FATHER FAINTS

Friday an additional $1,241.60 worth of merchandise was located and police found that the youths had entered the Klunk store a week prior to Monday's visit.

Cpl. Harold W. Eckenrode said much of the loot was found in the area between the celing and roof at the home of one of the youths. Both of the boy's parents work, the officer said, and during the absence of the parents, the youngster had climbed into the attic through a trap door in a hallway and stashed the stolen goods in the area between the ceiling and the roof of the house. A few of the articles were found in the rooms of the juveniles' homes. Because of the hiding of the articles, the parents were not aware that their sons had obtained unusually large quantities of articles and thus had not become suspicious of their sons' activities.

According to reports from McSherrystown, one of the fathers fainted when told by police of his son's activities and a physician had to be summoned to care for him.

Cpl. Eckenrode said $1,725.74 worth of goods was taken from Klunk's and $215.86 in goods and cash from Fee's store.

ARE OCCUPYING NEW QUARTERS

The Sisters of Charity are planning to move into their new Provincial House at St. Joseph College, Emmisburg, today, although the building is not complete. The chapel is not finshed and it will be some weeks before any services can be held in it. In the meantime, a temporary arrangement will be made for a chapel.

Until the building is complete, there will be no plans for the dedication or for a tour of the building. However, Sister Eleanor, provincial superior, is eager to invite the people of Emmitsburg to visit the new building as soon as it is completed and the Sisters are settled in it. The task of moving the entire Provincial House is monumental and it will take several weeks to complete.

The Sisters of Mother Seton School will soon move into their new house on Creamery Rd. and the College Sisters will take up their residence in the Immaculata Building on the college campus.

The old buildings, vacated by the Sisters of the Provincial House, will be demolished with the exception of those that can be used by the college. Some of these old buildings date back to 1826 and are in such a condition that they constitute a fire hazard.

The Sisters are looking forward to welcoming the citizens of Emmitsburg and the surrounding area to the new Provincial House when the building is completed.

FAIR MAY SET ATTENDANCE MARK TODAY; ENDS TONIGHT

The South Mountain Fair today winds up its annual exposition with scheduled events including a horse exhibition by the Adams County 4-H Light Horse and Pony Club this afternoon, arrival of U.S. Senator Hugh Scott to the fairgrounds by helicorter this afternoon and the Al Shade Hootenanny tonight.

Fair officials said that, if only a normal crowd arrives today, the fair should set a record for attendance. The number of persons at the fair was unusually large Tuesday, Wednesday and Thursday, and Friday night's crowd of about 5,000 not only filled the regular parking lots, but some auxiliary lots as well.

The fair set a record Friday in the number of Future Farmers of America from Adams and Franklin Counties who took part in the annual FFA Day competitions. A total of 543 students and teachers were registered, Richard C. Lighter, supervisor of agricultural education for the two counties, reported. All 11 of the high schools in the two counties which have agricultural education courses were represented at the events.

GHS WINS PLAQUE

Gettysburg High School students won the schooi plaque by piling up the greatest number of points of any school's representatives in the various competitions. Gettysburg had 1,974.1 points, according to the tabulation made Friday night. Biglerville was second with 1,848.9 points. Third through 11th places in order were Chambersburg, Bermudian Springs, Waynesboro, St. Thomas, James Buchanan, New Oxford, Fairfield, Fannett-Metal and Greencastle high schools.

The Adams County winners in the various competitions included:

Agronomy, Michael Keefer, Gettysburg, first; Timothy Redding, Gettysburg, second; Donald Black, Biglerville, sixth; Scott Taylor, Biglerville, sev-

GERMAN TV CREW MAKES FILM HERE

Gettysburg, where once German was frequently spoken, and some churches here were required to have German speaking pastors, will appear on television screens in Germany during the coming winter months.

A crew of German television technicians is here this week and have taken numerous pictures of the battlefield and Gettysburg in preparation for a series of three 45-minute programs to appear ending in April, to correspond with the end of the Civil War. The crew is scheduled to leave for southern battlefields including Appomattox where the war ended.

National Park officials who met with the crew said they seemed "very acknowledgable" concerning the battle, and will to some extent stress the contribution of the German speaking immigrants to both sides in the Civil War.

Most of the 11th Corps units here, and many other units, were made up almost entirely of Germans who had migrated here and who still spoke German rather than English. Some of the Confederate outfits here were also made up of German immigrants.

The 45th New York had the experience here of German brother meeting German brother. The two had migrated from Germany several years before the war, one going south, the other staying in New York. On the early afternoon of July 1, the 45th New York captured a number of Germans and Corporal Schwartz recognized one of the Confederate prisoners as his brother. They had a brief reunion before the Confederate brother was placed with other prisoners at Gettysburg College. When the 11th Corps fell back, the Confederate brother was freed and went on to survive the battle. The Union brother was killed when the 45th New York ran into Confederates on Chambersburg St. as they sought to retreat through town. One of the areas photographed in the town was the first block of N. Washington St. along which the German speaking Union troops retreated.

SCOTT LOSES ON BAKER CASE

WASHINGTON (AP) — Sen. Hugh Scott, R-Pa., voted with the minority Thursday as the Senate defeated, 50-37, a Republican resolution to assign its government operations committee, rather than the rules committee, to take over the reopening of the Bobby Baker investigation. Sen. Joseph S. Clark, D-Pa., did not vote but was announced as paired against the resolution.

Scott was with the minority as the Senate adopted, 75-3, a resolution directing the rules committee to reopen the Baker investigation and look into an alleged $35,000 payoff by Philadelphia contractor Matthew McCloskey. Clark was listed as not voting, but announced as for the passage.

Earlier, Scott voted with the minority as the Senate defeated, 49-38, a motion to table a reapportionment rider to the foreign aid bill. Clark was listed as not voting but paired for the motion.

Both Pennsylvania senators wer with the majority as the Senate voted down, 63-30, a motion to close debate on the rider.

The faculty of Gettysburg College met this morning at 9 o'clock in Brua auditorium when Dr. Carl A. Hanson, the college president, introduced the 20 new members of the faculty and staff and made announcements in connection with the begining of the new college year.

This evening the faculty members and their wives and husbands will be guests of Dr. and Mrs. Hanson at dinner at 6:30 o'clock at the college dining hall.

Members of the Freshman class are due to arrive Sunday, beginning at 8:30 o'clock and will report at the Student Union Building to begin Orientation Days. The formal opening of the college is set for 11 a.m. next Thursday.

Symphony Group Topic Of Feature

Completing the 1964 season of "Concerts Under the Stars," attended by thousands of Baltimoreans, the Gettysburg Symphony orchestra and its founder and director, Dr. William Sebastian Hart, were lauded in a recent feature article in the Baltimore Evening Sun.

This is the third season for "Concerts Under the Stars" in which Dr. Hart and his Gettysburg Symphhony are sponsored by one of Baltimore's largest banks. The series takes place at various shopping centers in Baltimore and attendance at each concert exceeded 2,000.

The writer, Samuel Tilghman, gives a resume of Dr. Hart's musical career and also the history of the orchestra which was formed in Gettysburg and bears the name Gettysburg.

King St. Persons are asked to bring an envelope, soft water color bruush, scissors, small jar with lid, assorted pressed small grasses and flowers, Elmers glue and pencil, to make their own designs. Hobbies or collections should be brought for display. Members and friends are invited to attend. Mrs. Mabel Rittase will be hostess.

KETCHIKAN, Alaska (AP) — Some visitors have called Ketchikan the rain capital of the world. They should be here now.

Not a drop of rain has fallen this month.

In the first 10 days of September last year, 14.44 inches rain came down.

In August, the rainfall was 19.64 inches. Last year's total precipitation was 169.56 inches, a foot and a half above normal.

SENTENCED IN FATAL BEATING

PHILADELPHIA (AP)— Two teen-agers were sentenced to 18-months to three years in county prison and fined $1,000 each Thursday in the fatal beating of a 40-year old man in Pennypack Park May 4, 1963.

James Lyons, 17, and Edward O'Driscoll, 16, both of Philadelphia, pleaded guilty to charges of aggravated assault and battery in a two day trial before Judge Earl Chudoff. The judge found them innocent of second degree murder.

The two admitted they were part of a group of six youths who beat John Keely of Philadelphia. They testified, however that Kelly was alive when they left him.

One of the six still awaits trial; the other three were found guilty of second degree murder and have been sentenced.

BOMBS TOSSED AFTER BREAK

MONTEVIDEO, Uruguay (AP) — Terrorists tossed fire bombs today at the home of the president and two members of the ruling government council as violence continued for a third day following Uruguay's diplomatic break with Cuba.

One of the bombs slightly damaged the home of Alfred Puig Spangenberg, a council member, but there were no casualties. The other bombs exploded at the residence of Prsident Luis Giannatasio and council mmber Oscar Gestido.

The minister of interior, chief of police and other high officials conferred shortly after the latest incidents to discuss emergency measures to end the disorders by pro-Castro groups in the capital.

Police intensified their patrols in Montevideo.

Landslide Kills Six In Hong Kong

HONG KONG (AP)—A landslide triggered by Typhoon Sally killed six persons and injured eight others in Hong Kong today.

The victims occupied a wooden hut crushed by rocks loosened by a torrential 10-hour downpour.

Rain lashed the British colony Thursday night and this morning after Typhoon Sally sideswiped the island.

The casualty toll from Typhoon Sally stood at eight dead and 30 injured. More than 10,000 Chinese refugees have been removed from low-lying shack villages and hillside huts.

More than seven inches of rain were recorded in 12 hours. Severe flooding was reported in many parts of Hong Kong.

Angry Hubby Rams House With Truck

SAN FRANCISCO (AP) — When Robert F. Murphy's estranged wife refused to open the door, the 35-year-old San Francisco truck driver took offense, police said.

He smashed his pickup truck four times into the side of the house, finally landing in the kitchen.

Police booked the trucker Thursday for investigation of assault with a deadly weapon—the pickup truck.

RETIRE ATLAS MISSILES AS NOW OBSOLETE

WASHINGTON (AP)—The Air Force has retired two squadrons of Atlas intercontinental ballistic missiles — millions of dollars worth of deterrent striking power rendered obsolete after only four years on the firing line.

The liquid fuel Atlases are being replaced by the more up-to-date solid fuel Minuteman missiles.

A total of 15 of the huge silver Atlas missiles, called "the free world's first ICBM," have been removed from their launch bases at Warren Air Force Base, Cheyenne, Wyo., the Air Force told The Associated Press.

Another nine Atlas D missiles are soon to be inactivated at Offut Air Force Base, Omaha, Neb.

After that — the Air Force said the dates are classified — the same fate will be dealt to 27 later model Atlas E missiles and 54 of the more powerful but equally obsolete Titan I missiles.

Officials said the United States can afford to do without these 105 liquid fuel, slow-to-get-ready rockets because more modern, better protected missiles are ready for combat and more are on the way.

So far, about 650 quick-firing Minuteman missiles have been emplaced in reinforced below-ground launch silos. Some 256 Polaris missiles are poised in the tubes of 16 nuclear-powered submarines deployed by the Navy.

Two Presidential Yachts Are Retired

WASHINGTON (AP) — The Honey Fitz, the presidential yacht on which the late John F. Kennedy found relaxation at sea, has retired to the Washington Navy Yard.

The Pentagon said Friday that on last July 31 President Johnson notified Secretary of Defense Robert S. McNamara that he "had no requirement for the use of" the two presidential boats.

"The Navy has, therefore, inactivated the two boats and they are laid up at the Washington Navy Yard," the Defense Department said.

The Honey Fitz, a 92-foot cruiser, was the better known of the two boats and the one used by Kennedy. The other is the Patrick J., a smaller boat.

Taylor Arrives In Honolulu

HONOLULU (AP) — Maxwell Taylor, U.S. ambassador to Viet Nam, arrived here today en route to Saigon after a conference with President Johnson.

Taylor's aides said the ambassador would spend most of the day in Honolulu before resuming his flight to the Vietnamese capital at an unspecified time tonight.

President Almost Has To Hitch Ride

BRUNSWICK, Ga. (AP) — President Johnson almost had to hitch a ride back to Washington Friday night after winding up a tour of coastal sections hit hardest by Hurricane Dora.

At Glynco Naval Air Station near here, the brakes on Johnson's giant jet locked and Air Force One wouldn't budge.

The pilot revved up the four engines to full throttle. Still the big ship didn't move. He revved them up again.

Finally, the plane lurched forward, jarring President Johnson and the others aboard. Then it taxied to the runway made the takeoff.

Spain Paves Way For Protestants

LA CORUNA, Spain (AP) — The Franco government and the Spanish Roman Catholic hierarchy reached an agreement Thursday night expected to pave the way for a law giving Spain's 30,000 Protestants religious liberty.

The proposed law, sought for seven years, has the support in principle of both Gen. Francisco Franco and the Vatican.

It is believed that the law will permit Protestants to worship openly in Catholic Spain, to own church property, to publish certain church literature and Protestant Bibles and to conduct church schools.

The estimated 190 Protestant chapels now are not permitted to bear signs showing they are places of worship.

Divert U. S. Wheat To Hungry India

RAWALPINDI, Pakistan (AP) — A shipload of 23,000 tons of American wheat is being diverted from Pakistan to hungry India, the Pakistani government announced Friday.

The announcement said the diversion was requested by the Indian high commissioner in Pakistan and the U.S. Embassy in order to help ease India's current food shortage.

The Pakistani government said it had offered India another 100,000 tons of wheat from its reserves.

Rumors Mount Of Pending Coup In Viet Nam Regime

By MALCOLM W. BROWNE

SAIGON, South Viet Nam (AP) — Government troops and armored cars were on the streets of Saigon in unusual numbers today amid rumors that a new political upheaval may erupt this weekend.

Widely circulated reports said the U.S.-backed government of Premier Nguyen Khanh may be threatened by a coup.

Such rumors flourish freely in Saigon, often without substance.

TAYLYOR RETURNS

U.S. Ambassador Maxwell D. Taylor, returning from consultations in Washington, may run into a new crisis. He had left Saigon after three weeks of violent antigovernment demonstrations plunged the nation into chaos, early topplig Khanh's regime. Buddhist leaders and students led protests demanding democratic reform and an end to military rule.

The nation is still under military authority, a triumvirate of generals headed by Khanh, who has promised a return to civilian rule in two months. But a power struggle between Buddhist and anti - Buddhist elements is shaping up, posing the threat of new violence.

Most of the coup rumors concern what is presumably Catholic opposition to concessions made by Khanh to Buddhist and student critics. Khanh fired another officer Friday who was opposed by Buddhist leaders.

He was Maj. Gen. Do Cao Tri, commander of the army's 2nd Corps and the eighth high-ranking officer dismissed.

CAMBODIA CHARGED

The government, meanwhile, formally charged neighboring Cambodia with openly supporting the Communist Viet Cong by fighting South Vietnamese border troops.

Cambodia, which has repeatedly complained to the U.N. Security Council about alleged raids by South Vietnamese forces on Cambodian border communities, rejected a U.N. recommendation that an observer group be dispatched to the border.

CONEWAGO'S SCHOOL BOARD TO FILE BRIEF

The Conewago Township school board met with its solicitor, Attorney Edward B. Bulleit, Gettysburg, Thursday evening to discuss details of an appeal brief to be filed with the Pennsylvania Board of Education.

According to a letter received last month from the state board, a prehearing conference will be held regarding its decision to include the Conewago District in the New Oxford School District.

The Conewago board appealed the decision on the grounds that would be "for the best interests of all concerned for the township to be merged with the Hanover Borough School District as an administrative unit for the reason that the resident of the township are culturally, socially and economically a part of the Hanover area."

SELECT TEACHER

The actual hearing dates have been set for October 7, 8 and 9, but no advice has been received setting a date for the prehearing conference, according to Attorney Bulleit.

During the course of the meeting a telephone call was received from an administrator of the Hanover district suggesting a joint meeting of the two districts, prior to the conference. A tentative date, next Wednesday, was agreed upon for the meeting.

J. Arthur Wolfe, principal, advised the board that, according to a census taken this summer, Conewago Township has a total population of 3,346 residents. He also stated that the records and 452 additions should be made. The board decided to turn the list over to the tax collector to send tax notices for the current year.

The board employed Mrs. Andrea C. Shirk, 432½ S. Franklin St., to teach First Grade under a temporary professional certificate.

Swiss

(Continued from Page 1)

visiting farmers there provided two impressions. The larger farms are quite progressive and prosperous. The smaller farms are having a difficult time maintaining the living standards of their owners. With only 2,600 of the farms in the country over 125 acres in size most farmers find it difficult to keep up. "A tractor and combine there are more a status symbol than an efficient equipment — the farms are just too small."

Flying from Belgium to Moscow by night Schriver found a distinct symbol of the difference between east and west. Over West Germany by night lights were bright in villages and homes below. When it was announced that they were entering the corridor to Berlin through East Germany "immediately there were fewer lights below and they were dimmer. Then out of the darkness came the brightly lighted West Berlin, and beside it, the fewer and dimmer lights of East Berlin." By daylight the differences between East and West Berlin were even more apparent.

East Berlin he described as "pathetic." Behind the wall "the expression on people's faces was different. East Berlin is only about 20 per cent rebuilt since the war while West Berlin is about 90 per cent reconstructed. The atmosphere was completely different. The people in West Berlin looked free. There was a sadness about the divided city. I saw people standing in West Berlin looking across the wall with binoculars to where friends waved, maybe a 1,000 feet back of the wall, from East Berlin."

HOPE FOR PEACE

In Moscow he found a feeling of more freedom than in East Berlin, but also found that the Russians have great respect for authority. Among all Russians with whom he spoke he found "a general sentiment, all hope that the Soviet Union and the U.S. can work out a long-term peaceful settlement of their differences."

Among those with whom he talked were doctors, teachers, engineers and farmers. He learned too that "of the 226 million people in the Soviet Union only about 10 million are Communist party members, but they have the strings well in hand."

The Russians he saw appeared "well fed and well clothed," but there appeared to be more food and more clothing in the rural communities he visited than in Moscow — "They seem to have a transportation problem."

ALL-STATE OWNED

Largest of the farms he visited was 50 miles from Pyapogorsk, in southern Russia. The 49,522 - acre farm had 2,400 dairy cows, 3,000 head of hogs, 4,200 sheep, 77,000 poultry, 98 tractors, 68 trucks, 16 combines, and, includuing the various horse-drawn wagons, more than 1,000 vehicles. A total of 2,652 persons were employed on the farm, of which 1,400 were women and 1,252 men. Wages ranged from $60 per month for the dairy maids to $210 for the managers of the farm.

The state owns everything — equipment, land, etc. Each person has one-third acre of land on which to put the house and garden. "What they raise on their one-third acre they can use themselves or sell."

The quota for the 49,522-acre farm this year is 1,030 tons of meat, 4,150 tons of milk, 3,800,000 eggs, 1,750 tons of fruit, 2,650 tons of vegetables, 200 tons of potatoes, 5,100 tons of grain.

SAW INSECT DAMAGE

Soil conditions on the farm, Schriver said, compare to the soil in Indiana or Illinois. "But they are not getting full productive capacity because they are not following a good fertilization and insect control program."

Some of the peaches and apples he saw compared to "our Adams County fruit. As a whole however, fruit grown in Russia is insect and disease-damaged."

The Red Step cattle in Russia is "low grade," average milk production being only 45,000 pounds per year per cow.

The people on the farm were "friendly, very eager to tell us aboutu their farming methods a interested in learning about ours."

HORSE, BUGGY BUSINESS

Russia has a good wheat crop this year, Schriver said, "getting about 28 bushels per acre compared to eight last year. Their big problem was getting the grain harvested. Train loads of workmen were sent from Moscow to help with the harvest."

Schriver found Poland's people, "persistent and hard working. Warsaw was about 85 per cent destroyed, now it is practically 90 per cent rebuilt and is a modern city." Since the Polish uprising in 1957 there has been a "decollectivizing" of the land. Today 86 per cent of the land in Poland is privately owned. But "farming in Poland is a horse and buggy business. Farms are very small, 15 to 20 acres on an average, with one to two horses, two to four cows, 25 to 50 chickens, four or five hogs, a wagon and a few horse-drawn pieces of equipment." Only a few of the large farms have been able to mechanize, he said.

The first U.S. dime was minted in 1796.

Soviet Shocked By Defection Of Nuclear Scientist To U.S.

By DORIAN FALK

GENEVA (AP) — The defection to the United States of nuclear scientist Heinz Barwich — long a holder of key positions in the Soviet Union and East Germany—caused elation today among Western officials. Soviet sources expressed shock.

The 53-year-old East German is considered a major prize for the West, which lost two top nuclear experts — Klaus Fuchs and Bruno Pontecorvo — to communism.

Barwich's defection was announced Friday by officials in Washington. He made his getaway last Wednesday, while in Geneva for the 71-nation conference on the peaceful uses of atomic energy.

ABANDONED HOTEL

The scientist slipped out of a Geneva hotel when the conference ended. He was accompanied by another East German scientist, Prof. Max Steenbeck, whose whereabouts has not been revealed.

Barwich's chief in East Germany, Prof. Baron Manfred von Ardenne, reacted to the news by charging that Barwich went West for family reasons.

Von Ardenne, reached in East Germany by telephone, said the defection was "extremely deplorable" and "I am sure that family reasons played a very strong role in this decision."

He said he believes Barwich's wife is still in East Germany.

REPORTED IN WASHINGTON

Washington officials declined to reveal details about Barwich's family, or his present whereabouts. But sources said he is in the Washington area.

Barwich was among the numerous German scientists taken to the Soviet Union by the Red army after the defeat of Germany in 1945. By 1955 Barwich had taken over as deputy director of the Soviet Nuclear Research Institute at Dubna, near Moscow.

In 1957, he was permitted to return to East Germany and opened the East German Central Institute of Nuclear Research at Rossendorf.

RESEARCH FOR PEACE

Western scientists, some of whom have been permitted to study the Dubua operation, say its research is devoted to peaceful uses of atomic energy.

At Rossendorf, one of Barwich's deputies was Fuchs, who slipped into East Germany in 1959 after serving a prison sentence in Britain for passing nuclear secrets to the Russians.

The other major defector to communism, Italian-born Pontecorvo, is working in the Soviet Union. He went to Russia in 1950 while working at top secret installations in Britain.

U.S. officials declined to say whether Barwich will go to work for the United States.

$500 In Narcotics Reported Stolen

Theft of approximately $500 in narcotics from the pharmacy of the Rea and Derick Drug Store in the Clearview Shopping Center, 1000-block of Carlisle St., Hanover, was being investigated by borough and area police.

The theft, which occurred late Thursday night or early Friday, was discovered about 6:25 a.m.

An inventory of the premises were being made by store personnel to determine the exact amount of narcotics removed. Police said nothing else in the store was taken.

Discuss Needs Of Community Center

Th condition and needs o the Littlestown Community Center were discussed at a meeting of the board of directors held on Thursday evening at the Center building, E. King St. A letter telling of the work done and the proposed projects has been mailed to the local organizations.

The Girl Scouts were authorized to complete their room, both floor and walls.

It was decided that the board will not meet again until Thursday, November 12. Directors in attendance were Mrs. Luther W. Ritter, president, who presided; Dr. Richard N. Greenholt, Wilbur E. Mackley and the Rev. William R. Jones.

Farmers Hard Hit By Drought

HARRISBURG (AP)—Pennsylvania farmers are facing their third straight year of drought with the northeast quarter of the state suffering the most.

Farm crops have been stunted and yields reduced. The federal government has permitted farmers in eight counties to graze livestock on land kept in reserve under various programs. The same eight counties and three others are under consideration for special purchases of surplus feed grains.

Forest lands in all but the northwest corner of the state are dry and susceptible to fire. The state forests and waters department has banned open fires in parks and woodlands.

Rivers in the eastern third of the state are at record low stages. At least eight communities are on emergency water supplies with other looking for supplementary sources.

GOLDWATER TAKES REST

WASHINGTON (AP) — Sen. Barry Goldwater, elated over his first week of presidential campaigning, today starts a long weekend of rest before heading south Tuesday.

If you include those who watched him from the streets, Goldwater figures a quarter of a million people saw him during this drive that took him into nine states.

"When 250,000 turn out to see a Republican candidate," Goldwater said, "that means something."

In his first week, Goldwater went from New York to California, from Washington to Illinois, and wound up with an old-fashioned political rally Friday night at the Ogle County Fairgrounds in Oregon, Ill.

As he has in almost every speech so far, Goldwater lit into Lyndon Johnson, contending that the President used his influence on Democratic senators to prevent what he called a complete investigation of Bobby Baker's financial dealings.

"They're going to send it back for another coat of whitewash," Goldwater said. "They have handles where their consciences ought to be."

MISS AMERICA TO BE SELECTED THIS EVENING

ATLANTIC CITY, N.J. (AP) — A new Miss America takes her throne tonight to climax a week of excitement and competition for 50 of the nation's most beautiful girls.

The new queen will succeed Donna Axum of El Dorado, Ark. Awaiting the new Miss America are a $10,000 college scholarship, an opportunity to travel 250,000 miles and an estimated $80,000 in personal appearance contracts.

PICK BRUNETTE

The judges continued their preference toward taller-than-average girls in swim suits Friday night as they chose Jane Nelson, 19, of Tularosa, N.M., winner of the final swim suit round.

Miss Nelson, a green-eyed brunette sophomore at Arizona State University, stands 5-foot-8 and molds her 125 pounds into a 37-23-37 figure.

On previous nights, the four female and six male judges selected as swim suit winners 5-10½ Ella Kessel of Ripley, W.Va., and 5-9 Sherri Lee Raap of Fremont, Calif.

For the second night in a row the judges chose a classical singer as the winner of the talent division. Their choice was Vicki Powers, 19, of Mobile, Ala., for her rendition of "Habanera" from Carmen.

Thursday, Miss North Dakota, Karen Kopseng of Bismarck, won the talent division after she sang the operatic aria "Un Bel Di" from Madame Butterfly.

Miss Minnesota, Barbara Hasselberg of Bloomington, won the first night's competition Wednesday with three hula dances.

Winning one event does not guarantee a place in the semifinals.

SOURCES OF GROWTH

It is from the better qualities of other that we draw so much. We combine goodness with goodness, quality with quality, joy with joy, sorrow with sorrow—thus becoming more and more akin with those whom we look upon as our friends.

I have never forgotten the remark of a famous tennis player who once told me that she always tried to pick an opponent who was a better player than she was. This spurred her on to play better. That is what makes hero worshipers of us all — and helps us to gain something of the heroic in our lives.

The mind is both plastic and absorbent. It takes in ideas, mating them with others, and sets many of them aside to combine with others. It has no boundaries. It can overflow, but there is always room for freshness and abundance.

We scent the divine qualities in others, and often, without a word being spoken, adapt and adopt them to ourselves. Often a mere handshake is sufficient. Or a look. You may not see the rays of the sun, but you can feel them. And a glance at the heavens at night reminds us of our littleness — at the same time inspiring us with the growth and eternity of things.

A seed is planted, and soon it pokes its growth into the air, where it is welcomed by the sunshine, the air, and the rain. Its sources of growth are hidden and full of mystery, but they are there. Likewise we grow from endless sources, seen and unseen. Many of them are absorbed unconsciously. Our eyes, our ears, and our thoughts are agents of growth.

We gain strength of character by dealing with the positives of life. The negatives reduce us and shrink our personality. We walk away from complainers and from those who depress us. There is no source of growth to be gained from them.

A single act of kindness adds to our spiritual growth. Even to look upon such an act, performed by another, enriches us. Much of our mental and spiritual growth is gained from exemplary acts.

Just Folks

OF SUCH STUFF IS MEMORY

Memories are made of these:
Little words the babies say;
Games, which now and then we play;
Grandpas and their manners quaint;
China, grandmas used to paint;
Grace which mother always said,
Thankful for our daily bread.
These the memory will hold
To be joyously retold.

Memories are made of these:
Days when skies were overcast;
Strange adventures of the past;
Difficulties met somehow,
Tragic then, but comic now;
All the curious mistakes
Everybody living makes.
These the big things after all
That we tenderly recall.

Memories are made of these:
Small mishaps from year to year;
Little whims of someone dear;
Tunes that someone used to play,
Now forever gone away;
Favorite jokes the father told,
Young today, but then so old!
These, when time has cast its spell,
We shall joyously retell.

AUXILIARY OF VFW ADDS 3

Three new members were initiated at the monthly meeting of the Ladies' Auxiliary to Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars held at the post home, W. King St., on Thursday evening. Initiated were: Mrs. Bonnie Little, Littlestown; Mrs. Ruth Weaver and Mrs. Estella Wine, Hanover.

The unit purchased stainless steel flatware for use in the kitchen of the post home. The unit will have cupboards installed in the kitchen and the building committee includes, Mrs. Grace Rose, Mrs. Madalyn Bloom and Mrs. Helen Jacobs.

Mrs. Helen Garner, hospital chairman, reported that arrangements have ben made to visit the Samuel G. Dixon State Hospital, Mont Alto, on Sunday, December 6. Gifts will be presented to the veteran patients there at that time.

The following committees were appointed to make salted peanuts: Thursday, Mrs. Jacobs and Mrs. Regina Snyder; October 1, Mrs. Jacobs and Mrs. Betty Redding. Reports were heard from Mrs. Patricia Kuhn, trustee; Mrs. Rose, and treasurer, Mrs. Jacobs. The books will be audited prior to the next meeting. The "pig" was won by Mrs. Martha Kuhn. It was announced that a meeting of the 21st District will be held on Sunday at 2 p.m. with Post 2506, Hanover VFW at host; the auxiliaries will hold sessions at the Hanover Moose home and the posts will meet at the post home.

A plant sale was held during the social hour. There was also a gift display. Refreshments were served to the group by Mrs. Garner and Mrs. Charmaine Wisotzkey.

A white elephant sale will be held in connection with the next meeting on Thursday, October 8. The hostesses will be Mrs. Madalyn Bloom, Mrs. Grace Rose and Mrs. Margaret Baker.

TWO PRO GRID GAMES ON TAP THIS EVENING

By HAL BOCK
Associated Press Sports Writer

Big-time professional football swings into action tonight with a new park, a new attack and a set of old faces the key attractions.

In the American League, the New York Jets host the Denver Broncos in the first football game ever played at Shea Stadium in New York. AFL champion San Diego plays Houston in tonight's other AFL opener.

In the National League, the revamped Dallas Cowboys take on the St. Louis Cardinals, Eastern Division darkhorses, in the only game scheduled.

The NFL moves into high gear Sunday with six games. New York is at Philadelphia, Chicago visits Green Bay, Washington hosts Cleveland, Baltimore is at Minnesota, Los Angeles plays at Pittsburgh and Detroit visits San Francisco.

K. C. AT BUFFALO

Kansas City is at Buffalo and Boston visits Oakland in Sunday's two AFL games.

The Jets, surprised in the exhibition season with a 4-1 mark, and have been selling tickets almost as fast as their co-tenants at Shea, baseball's New York Mets. The turnstile count could set an AFL record Saturday night.

Coach Weeb Ewbank is depending on quarterback Dick Wood, a lanky veteran who uses Don Maynard and Bake Turner as his chief targets, to trigger the offense. Rookie Matt Snell from Ohio State should add running punch.

Denver unveils quarterback Jacky Lee, picked up from Houston last month. The Broncos also have a tough runner in Billy Joe, the AFL's rookie of the year in 1963.

FAMILIAR FACES

A pair of familiar faces, San Diego's Tobin Rote and Houston's George Blanda are the key men in tonight's other AFL encounter. The champion Chargers present the same power-laden backfield to go with Rote while Houston, rebuilding after a dismal 6-8 season, offers little to supplement Blanda.

Paul Lowe, Keith Lincoln and flanker Lance Alworth give San Diego a potent offensive potential. But Lowe is reportedly unhappy with the Chargers and may be dealt elsewhere before too long.

The NFL Cowboys came up with two prize pass-catchers in off-season deals, picking up Tommy McDonald from Philadelphia and Buddy Dial from Pittsburgh.

St. Louis counts on Charley Johnson's arm and the pass-catching combination of Bobby Joe Conrad and Sonny Randle.

Dennis Bennett, Despite Crippled Leg Blanks San Francisco, 1-0 On Friday

By MURRAY CHASS
Associated Press Sports Writer

A doctor once told Dennis Bennett he never would pitch again, but he was wrong.

The Philadelphia Phillies expected Bennett to be a leading member of their drive for the National League pennant this season, but they, too, were wrong.

At least they were wrong until now.

Bennett, a 24-year-old lefthander, halted San Francisco on six hits Friday night as the Phillies nipped the Giants 1-0 and maintained their six-game lead in the NL race.

The victory was the second straight for Bennett after a seven-game losing streak and indicated he may be ready to help keep the Phillies far out front the rest of the way.

MAYS IS BLANKED

Even more indicative, though, may be his mastery of Willie Mays in the shutout, his second of the year and first since May 15. Bennett got Mays on called third strikes three times with Giants in scoring position.

As mediocre as his 11-12 record might be, it proves a lot more about Bennett than the figures show. After all, he wasn't supposed to be able to pitch again after an automobile accident shattered his left leg about 18 months ago.

"The doctor was talking to me, telling me my leg was all broken up, and that I would never pitch again," Bennett said, recalling his agony in a Puerto Rican hospital. "The one good thing was that the pain from my leg was so bad I didn't have time to think about what the doctor said.

HAD LONG WAIT

"They had to wait five weeks for the swelling in the leg to go down before the doctor could put a screw in."

The screw now holds Bennett's leg together. The Phillies are hoping he can hold his pitching together from here in.

Bennett's performance was only one of many masterpieces NL pitchers recorded Friday night.

Denny Lemaster pitched a one-hitter, outdueling Jim Maloney who had a two-hitter, in Milwaukee's 1-0 triumph over Cincinnati. Bob Gibson allowed Chicago only two hits as St. Louis won 5-0 while Vernon Law held Houston to the same number of hits in Pittsburgh's 3-0 victory. New York defeated Los Angeles 4-2 in the other game.

TIGHT HURLING

The Phillies scored their run in the fifth inning when Tony Taylor reached first on a fielder's choice and raced home asa Ruben Amaro doubled to left-center field but was out trying to stretch the hit into a triple.

Neither Lemaster, 14-11, nor Maloney, 13-10, allowed a hit through five innings. Then Leo Cardenas led off the Reds' sixth with a line single to left. Maloney carried his no-hit bid to the seventh inning when Joe Torre singled to left with one out.

The other hit off Maloney — Gene Oliver's double — came in the eighth. The Braves eventually loaded the bases on walks to Gary Kolb and Lemaster, and Oliver dashed home as Felipe Alou flied out.

Gibson, 15-10, gave up a lead-off single to Chicago's Jimmy Stewart in the first inning, then didn't allow another hit until Ellis Burton started the seventh wih a single. Ken Boyer's two-run homer, his 22nd, in the first, got the Cardinals off to a fast start.

LAW CLOUTS DOUBLE

Eddie Kasko's double in the third inning and a single by Nellie Fox in the sixth were the only Colt hits off Law, who increased his record to 11-12. Law doubled home Bill Mazeroski, who had singled, and scored on a double by Dick Schofield in the second inning when the Pirates scored all of their runs.

The Mets received clutch relief pitching from Bill Hunter and Galen Cisco in their victory over the Dodgers. Hunter came on with the bases loaded and none out in the sixth and struck out Wes Parker. Cisco then relieved and induced Wally Moon to hit into a double play.

The Mets wrapped up the triumph with three runs in their sixth, the last and winning run coming on Larry Miller's wild pitch.

Jaycees Attend Newville Meeting

The Littlestown Junior Chamber of Commerce "rolled the barrel" to the Newville Jaycees in a program designed to create better interchapter relations on Thursday evening in Newville. Those who represented the local Jaycees were President S. Kenneth Ogg, who spoke on the organizational structure of the chapter; John Shomper, who told of interchapter activities such as the recent softball games; Clyde W. Crouse listed the main money making projects, such as the carnival stands and the mink stole project; Dean Shorb spoke on the Halloween activities; National Director Selby gave a summary of their talks.

A western regional meeting of Area IV will be held next Wednesday evening in Shippensburg. Sixteen chapters will be represented and will outline activities. State Vice President Dwight Summers, New Freedom, will be present. Vice President J. Scott Zanger and National Director Selby will represent the local chapter.

TO WORK ON FIELD

The Littlestown Little League officers, directors and managers met on Thursday evening in the league room at the Eagles home. Plans were made to construct dug-outs on McSherry Field. Little League fathers and interested persons were requested to assist with work on the field this afternoon. Tentative plans were made to hold a food sale on Saturday, October 17 and mothers will be contacted for donations. The event will be planned further at the next meeting on Thursday, Oct. 8 at the FOE home.

THREE PILOTS PICK YANKEES TO WIN TITLE

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP) — Finally a neutral manager has been found who picks a team other than the New York Yankees to win the American League pennant.

He is Sam Mele, manager of the Minnesota Twins who have nothing higher than fourth place to hope for this season.

Charlie Dressen of Detroit, Bill Rigney of Los Angeles and Johnny Pesky of Boston are all staunch Yankee believers. It's strange that the team currently in first place, the Baltimore Orioles, don't have a single supporter other than Hank Bauer, of course.

It could be that Minnesota's 5-3 triumph over the Yankees last night had something to do with Mele's thinking. Sam says not.

LIKES WHITE SOX

"I lean toward the White Sox for several reasons," he said. "First, I like the way they scramble. They don't score much but they score just enough. They can win those 2-1 and 3-2 games.

"Also, they have two relief pitchers who can work two-three days in a row. That's Hoyt Wilhelm and Eddie Fisher. Both are knuckleballers and the way they throw they don't tax their arms too much.

MOST NEED REST

"Baltimore and New Hork don't have guys in the bullpen who can work without at least a day or two rest. Dick Hall and Harvey Haddix need at least two or three days in between calls.

Army pitcher John Rogers comes from Anchorage, Alaska.

David Hedison Will Play Role Of Sub Commander In ABC Feature "Voyage To Bottom Of The Sea"

By RUTH E. THOMPSON

"It really seems I was destined to play 'Voyage to the Bottom of the Sea,' " smiles handsome Black-haired David Hedison. "Furthermore, any actor who wants to build his career today needs a good television series.

"Glad I got a second chance."

"Second chance? But this is a brand-new series!" (at 7:30 p.m., Monday it leads off ABC's week of premieres).

"Well you see, before it was ever envisaged as a television series, it was a movie. And Irwin Allen (producer-writer-director) approached me then about playing 'Lee Crane,' commander of a slightly futuristic submarine. I'd just done his 'Lost World' with Michael Rennie and Jill St. John. However, I thought I needed a change of pace. Also, there were contract problems so I said 'No,' then regretted it.

HAS TV VERSION

"Allen, however, is also producing the television version. Again he saw me as 'Crane' . . and this time, so did I."

Starring as Admiral Nelson (first name, Harriman — not Horatio) is Richard Basehart. It all has to do with a non-military submarine fighting evil in the year 1973. "The Seaview" is ostensibly a research vessel but it really gets around where the intrigue lurks . . . be it under the North Sea, or on a prehistoric reef.

Also foreseeable in this near future is plenty of romance when Crane steps ashore.

A MODERN STAR

"Considered one of the film colorful bachelors, David lives in a hideaway canyon-home that once belonged to Jean Harlow. Not fond of cooking, David is fortunate in having so many young lady friends, who are." That's the way a biography from 20th Century-Fox, to which he was under contract for five years, sees him.

But if he is enjoying the glamour life — and he seems to — it's certainly not at the expense of his career.

"He doesn't coast on the personality or the locks. He's very talented and he works very hard," said an observer.

WORKS HARD

Hedison acknowledged that yes, he does work hard.

For a noncook he'd graciously struggled through the preparation of instant coffee for a couple of midmorning visitors.

Then he dashed upstairs for a fat manuscript before settling down in the two-story living room of the simple but luxurious town house he rents when in New York.

It is an extensive biography of Commander Lee Crane's entire life as Hedison sees him. The outlines by the authors would be "too sketchy" for such a conscientious performer.

PASSION FOR ORDER

"Crane," you read, "has a passion for order. With him it is necessity." You look around the serene room. Uh huh. Not one ash tray out of place.

"Crane has courage. He seems to like excessive danger for its own sake." Hedison at the outset of his career took a job with an outdoor pageant that required his riding a horse. He was then afraid of horses, was thrown regularly at every performance, didn't let it faze him.

But it's not that he's playing himself. "Crane," he thinks, is probably the son of a man who was probably secretary to "the pre-World War II nomadic rich. But it would give him the detached view of the servant."

Hedison, himself, however, is the only son of a Providence, R. I., businessman. Yes, his father wanted David to follow in his footsteps (jewelry enameling).

EYES ON STAGE

"But, ever since I first saw Tyrone Power in 'Blood and Sand' I've wanted to be an actor."

But the rules kept changing and, as David has pursued his course, he's kept flexible. "Though you do television in Hollywood nowadays, today's actor has to be willing to work abroad, I did the movie 'Marines, Let's Go,' in Tokyo . . and my first television series, 'Five Fingers,' in Europe."

PLENTY OF LEAN DAYS

To please his father, David had attended Brown University for three years

MOVED TO N.Y.

"But I still wanted to be an actor. So I moved to New York and enrolled at the Neighborhood Playhouse Theater School.

"I also put every cent I could earn at odd jobs, into coaching with Uta Hagen." He could have sent home for money, but having decided to make good on his own, he stuck with it, once, even sold a pint of blood to round up some cash.

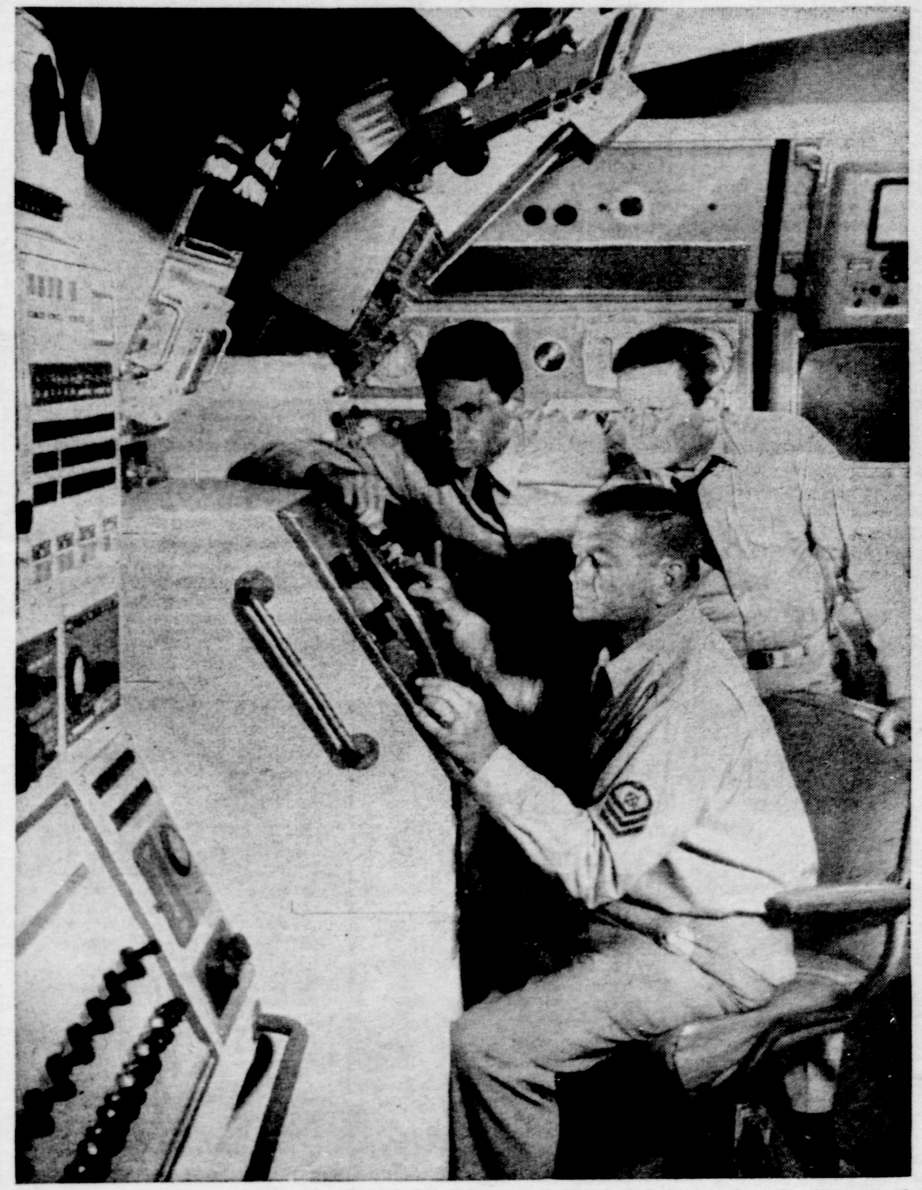

Parts in stock, and awards attesting to his talent began to mount. Then for his role in "A Month in the Country," (directed by Michael Redgrave) he won a big one. "Most Promising Newcomer." That's when 20th Century snapped him up. His first movie role was "The Enemy Below." Then came "The Fly," and next the English-made "Son of Robin Hood."

NEVER IDLE

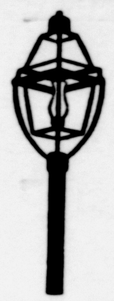

He seems never since to have been idle.

"No, it's not as easy as that. An actor must keep working. That's why I write. This biography is someting I do for myself. But I'm also working on a play which I certainly hope will be produced."

(Continued On Page 7)

The time is nine years from now aboard the "Seaview." The futuristic atomic sub will roam the seas fighting corruption every Monday from now on at 7:30 on ABC. Starring are Richard Basehart (center) and David Hedison (left). Seated is series regular Henry Kulky.

ABC TO HAVE STRONG FLAVOR OF MILITARY

By CYNTHIA LOWRY
AP Television-Radio Writer

HOLLYWOOD (AP) — The American Broadcasting Company seems to be staking a claim on military life. This season it will have six shows, three of them comedies, involving uniforms.

"Combat" will be back with its mud-stained heroes continuing their grim battle across France from the beachheads towards the Rhine. This year they will get some air support from "12 O'Clock High" a new series about a bomber group.

"McHale's Navy," still fighting the funny war in the Pacific, this year is joine dby a sister show, "Broadside" about a bunch of lady sailors. Then there is "No Time for Sergeants," adapted from the army-life movie that gave Andy Griffith his big push — and, interestingly, Griffith's competition this season.

TWO NEW ENTRIES

CBS has two new entries. One is a documentary series, "The Great War," a study of the 1914-18 conflict. The other is a child of Andy Griffith's comedy series called "Gomer Pyle — USMC," with Jim Nabors playing a country-style Marine recruit.

Comedy wars are rarely dangerous in televisionland, but they are not exactly a barrel of fun for the performers.

On one of the hottest days of the summer, Nabors and company were on location in a wild canyon beyond Beverly Hills filming an episode about a training maneuver. For more than an hour in the broiling sun Nabors had been working on one scene in which he had to carry a husky actor around a bend and then — with his burden still slung over a shoulder — go through a lengthy dialogue. The problem was that Nabors was so winded by the time he reached the microphone he could scarcely gasp.

POISON OAK TOO

"I carried him all day yesterday, too," the actor moaned, mopping a sweaty brow and fanning himself with his helmet liner. "Last night I was so plumb tuckered out I fell asleep at the dinner table — in a restaurant."

Nabors said that so far he has suffered only a skinned elbow, but added that maneuvers, even fake ones, are not without real peril. The actors' real enemy is more dangerous than blank bullets and small explosive charges. The canyon is full of poison oak.

WEDDING BELLS FOR MEREDITH . . . The TV wedding bells will be slower ringing than the real life chimes for Meredith MacRae, honey blonde daughter of the Gordon MacRaes. Say the writers of "My Three Sons," it'll be a long time before the fictional marriage to the character played by Tim Considine gets solemnized. In real life though, Meredith is promising to love and cherish Rick Borgor.

BURCH CRIES "FOUL" ON TV ADVERTISING

By W. B. RAGSDALE Jr.

WASHINGTON (AP) — The national chairmen of the Democratic and Republican parties signed a fair-campaign pledge today—and immediately got into a hot row over alleged unfair campaign tactics.

Republican Chairman Dean Burch and Democrat John Bailey read their prepared statements without incident, then signed the pledge drafted by th Fair Campaign Practices Committe.

But before the news conference was over, Burch cried "foul" over a Democratic television spot announcement.

He said the TV spot showed a little girl picking daisies, then a nuclear blast and finally had a voice urging voters to support President Johnson.

"The only innuendo that can be drawn is that President Johnson is a careful man and that Sen. Goldwater might somehow cause some sort of atomic conflict," Burch said.

He said this constituted "libel against the Republican nominee" and was an unfair appeal to the basic emotion of the survival instinct.

David Hedison

(Continued from Page 1)

Television, however, doesn't have the long waits you get with straight movie making. It may be some time before he can get back to his playwriting.

Is he worried?

"Quite the opposite. Unlike the old days, movies alone are not enough to build an actor. Then one could do, maybe, a dozen pictures a year. Now only television gives the steady working pace. And an actor needs audiences. In fact today's actor needs a TV series. Now "Five Fingers" was good, but it wasn't on at a particularly good hour.

"Voyage to the Bottom of the Sea" is just what I need and want." Good thing that destiny — in the form of Irwin Allen — sometimes gives second chances!

SHORTER, ANYWAY

"Not quite shorthand, but certainly a shortcut," is the way an observer describes television newsman Robert Trout's way of note-taking. What it is, explains Trout, is his own adaptation of the Phillips code, an abbreviated writing technique that is sometimes substituted for Morse code by telegraphers.

WROTE REYNOLDS'

One of Carl Reiner's first assignments after he stopped being second banana to Sid Caesar in 1959, was to write Debbie Reynolds' first television spectacular.

Joey Bishop was once welterweight boxing champion . . . of the Army Eighth Service Command during World War II.

TV Briefs

June Allyson due East to serve as a "Miss America" judge.

Recent predictions hereabouts that William Demarest was heading toward greater prominence (and maybe his own series eventually?) are already coming true. The scratchy-voiced movie comic, signed to play William Frawley's brother in three episodes of "My Three Sons," showed up so strongly that he's been signed for four more.

In addition to co-starring with his wife on "The Adventures of Ozzie and Harriet," Ozzie Nelson is producer, director and head writer for the ABC series which commences its 12th year on television.

Twelve times in 13 years the "Jack Benny Program" was nominated for Emmy Awards.

Efrem Zimbalist Jr., whose own father is a famed violinist, himself studied violin for a time . . . under the tutelage of Ivan Heifetz, father of concert violinist Jascha Heifetz. Though acting is his profession, Efrem Jr. composes music as a hobby.

Mitch Miller has been named National Brotherhood Week chairman for 1965 by the National Conference of Christians and Jews.

Irish Television has become the first "foreign buyer" of John F. Kennedy's "Profiles in Courage" which is being serialized by NBC.

ABC used more than 100 "fully transistorized TV monitors" during the recent conventions. It is said that transistorized monitors are lighter, smaller, use less power and "suffer fewer breakdowns" than the older vacuum-tube type monitors.

Sheldon Leonard, executive producer of "The Danny Thomas Show," appears from time to time in the series as Danny's agent, Phil Brokaw.

Jada Rowland of "The Secret Storm" has dubbed English translations into such foreign films as "Heidi," "Hansel and Gretel" and "La Strada."

Leon Ames, Col. Kirkwood on "Mister Ed," is on the executive board and the board of directors of the Motion Picture Relief Fund.

Dale White, seen on occasion as Don Wilson's not-so-bright son on "The Jack Benny Program," is bright enough to own two engineering degrees.

Seymour Berns, director of "The Red Skelton Show," is Executive Vice President of the National Academy of Television Arts and Sciences.

Sebastian Cabot, host of the new "Suspense" series on the CBS Television Network, once worked as chauffeur for British actor Frank Pettingell.

Bea Benaderet, star of "Petticoat Junction," started her career in radio as an actress-singer-writer, producer-announcer in San Francisco.

Nearly every weekend, Vivian Vance, co-star of "The Lucy Show," commutes by jetliner from Hollywood to her Stamford, Conn., home.

Bill Berger, Emory Warren on "The Edge of Night" on the CBS Television Network, was a track star in his college days at Columbia University.

Edward Binns of the CBS Television Network's "The Nurses" spent a year in Mexico as actor-director of the Pan-American Theater.

ABC Will Feature Entire New Lineup

"Galaxy of Stars" seems no overstatement for the ABC season-opening one-hour special Sunday September 13 (9 — 10 p.m.).

With Bing Crosby as emcee, producer Nick Vanoff plans to bring on two dozen headliners from the network's fall lineup.

And Bing Crosby himself will be one of the regulars for 1964-65. He's starring in his own situation comedy Mondays, 9:30 — 10 p.m.

Following the custom it established last year, ABC is bringing on its entire new lineup in a single week.

"Galaxy of Stars," therefore, constitutes a preview look. Among those who will appear (listed in alphabetical order) are: John Astin, Gene Barry Walter Brennan, George Burns, Ted Cassidy, Jackie Coogan, Jimmy Dean, Patty Duke, Anthony Franciosa, Sammy Jackson, David Janssen, Carolyn Jones, Kathy Nolan, Mickey Rooney, Connie Stevens, Inger Stevens and Lawrence Welk.

Montana Traffic Deaths Increase

HELENE, Mont. (AP) — Montana is the only state in the nation to have shown a two-year reduction in its traffic death toll during 1962 and 1963, Gove. Tim Babcock said.

Word from the National Safety Council indicated Montana's closest competitor was Arizona, which recorded two more traffic deaths in 1963 than it had in 1962. A total of 510 persons died on Arizona highways last year.

Montana recorded 229 traffic fatalities in 1963, a drop of 11 per cent from the previous year. In 1962 the decrease was 7 per cent from the year before, with a total of 256 killed. Nationally, traffic deaths rose 5 per cent in both 1962 and 1963.

URGES WOMEN TO ADD BEAUTY IN EYE MAKEUP

By VIVIAN BROWN

NEW YORK (AP) — Everyone's eyes are beautiful. So with that head start, why do we emphasize our mouths, eyebrows and the shape of our faces, asks Pablo Zappimanzoni visiting makeup man from Rome.

"Men and women talk eyes to eyes. Not square face to round face or triangle face, so eyes should be played up," he points out.

The American woman is the best educateo in matters o f b eauty, he says.

"Newspapers, magazines and telcvision tell her how to shampoo, wave her and even give herself a permanent. But they also give her old-fashioned beauty advice when they tell her to classify herself as face — round, triangle, square and so-on."

It makes no difference what the shape of the face. Concentrate on beautifying the eyes, emphasize your appearance with perfume and beautiful fabrics, and "keep your own face," he says.

"No two square faces are alike, really. Women are told to wear a page boy hairdo for a square face, but if she has a bad neck, it will look terrible on her. If she has a triangle face, wear lots of rouge, they tell her. But that will only make her look like a circus performer."

THE NATURAL LOOK

Pablo favors light makeup. He concentrates on the eyes with false lashes, eye liner and shadow between the lid and first fold of the eye skin, but his makeup is not obvious.

He doesn't believe in changing liplines. Trying to make lips larger will just pick up fuzz around the lips. He emphasizes small lips by putting a V-shape dip at the center of the lower lip. Get cherry lips like Brigitte Bardot's.

He always leaves a certain amount of shine, at cheekbones and nose, except for a dab of powder at the tip of the nose. He likes pink rouge for older women applied far out, from the temple down long the cheek. Powder should only be applied to unwrinkled areas he says.

He likes orange-brown rouge on younger women. And he does not like heavy brows on anyone. He trims off straggly hairs, and makes a nice neat not too thin line.

MASS FACE

Pablo, 24, is booked up solid at the Elizabeth Arden Salon in Rome where he has been for seven years. On nights of big affairs he makes up the guests on an assembly line basis, with appointments 20 minutes apart. The balls do not start until midnight.

"I have all my eyelashes clipped in advance, and since I do not use oily makeup it lasts for 12 hours. Here's the way he makes up clients at the salon:

Cleans and tones with skin freshener. Uses moisturizer. Applies foundation, blending well around nose. Matches foundation to neck color, but doesn't make up neck. If neck is yellow uses beige foundation on face. Applies rouge. Puts powder over face, but not too much under eyes. Dampens hands on an ice cube and touches face gently to remove excess powder and "set" makeup.

Debbie Watson, who stars as the 16-year-old "Karen" (in the NBC "90 Bristol Court" trilogy) is actually 15.

YANK AIRMAN RETURNS HOME FROM PARIS JOB

COLUMBUS, Ohio (AP) — A young attorney who never studied a foreign language in high school has returned to the United States after about a year of teaching in one of France's best schools.

"This idea never would have occurred to me in the U.S.," says Clifford R (Kip) Cloud, 28, of DeGraff, Ohio, the lawyer-turned-temporary teacher.

But Cloud — son of the speaker of Ohio's House of Representatives — wasn't in his native land. He already was in France, as an airman in the Ohio Air National Guard wing called to active duty during heightening of tension over Berlin in 1961.

"I wanted to feel I had something to show for the experience," Cloud says. So he began studying French. Then, he says, he learned he could stay in Europe after shedding his uniform and still get government transportation home.

As a result, he and two Air Guard buddies made a 12-nation post-service trip. Upon returning to Paris, he learned that an application he had placed earlier with the French government was approved and he had been appointed "assistant in English" at the Lycee de Saint Cloud.

ENGLISH ASSISTANT

"In France," Cloud notes, "an effort is made to give the student the kind of education he is mentally able to absorb. A lycee is a preparatory school for students who hope to go on to a university. After tests, evaluation by teachers and — to a limited extent — consideration of the youngster's desires, children are separated at the age of 11.

Some go to lycee, some to technical schools and others stay in elementary schools, from which they may later go to technical schools when they're ready, or else go out into the world and work."

Discipline generally is strict in French schools, Cloud thinks, and there are virtually no extra-curricular activities.

"French people I talked with who had taught in the U.S. thought American schools carried democracy too far," he says. "Their point was that not every one has the same ability."

On the other hand, Cloud thinks the French might be able to learn something from Americans about the group approach — teamwork on some things — although he adds: "You can't say one way is right and one wrong."

Youngster's Dog Joins Violators

LARCHMONT, N.Y. (AP) — A patrol from the Humane Society was going through the streets, clipping red tags on collars of all dogs they caught. A red tag meant the dog's owner had to pay a $5 fine.

Little Jim Cunningham raced into his house, to make sure that his dog was inside and while the door was open his dog ran out.

The patrol didn't bother clipping the red tag on the dog — just handed it directly to Jim.

Camera News

Sometimes the terms used in connection with color films are confusing to many camera fans. They simply ask for "color film for my camera." This leads the salesman to inquire, "Do you want positive reversal film or the color negative type?"

That does it. The amateur puts on a "Huh? What did you say?" expression and might be more bewildered than ever after an explanation. With some idea of how color films differ and the purposes for which they were intended, they could ask for a specific film for a specific camera for a specific purpose.

In general, there are two major types of color films: Those that will provide immediate slide transparencies —(these are the "positive reversal" films) and those intended primarily for color prints (the "negative" color films).

COLOR FILMS

These two general types of color films can be distinguished by the way their brand names end:

1. Color reversal films mainly intended for slide transparencies end with the suffix ". . . chrome" such as Kodachrome, Ektachrome, Ansochrome, Agfachrome, Dynachrome.

2. Negative color films intended primarily for making color prints and enlargements directly are differentiated by the name ending in ". . . color" such as Kodacolor, Ektcolor, Ansolor, Agfacolor.

However, you can have a color print enlargement made from a slide transparency film and a slide transparency made from a color negative film. But that is a secondary or fringe benefit use of the film, not its primary purpose.

In that respect, color negative film is the most versatile of all color material As a negative it will make: 1—the highest quality color prints and enlargements in any number desired; 2—color transparencies in any size and quantity; 3 — black-and-white prints and enlargements on special Panalure paper.

After deciding whether transparencies or color prints are wanted primarily, the camera fan must know his camera's film size: 35mm, 127, 120, 620, subminiature or cartridge-loading.

While most transparency films are intended for daylight photography, there are occasions for shooting under artificial illumination, so a separate type is available. Color reversal film for artificial light has a higher speed rating so it is an advantage to get that type for indoor shooting. The same film may be used outdoors at any time by adding a filter over the lens so make it suitable for daylight photography.

If photography is to be done mainly outdoors, with possibly a few indoor pictures to be taken an easier method is to use daylight type transparency (reversal) film with blue flashbulbs or electronic flash for the indoor shooting.

Color negative films come only in one type for both indoor and outdoor shooting. Proper color balance is attained in the printing of the color negatives by experienced color printers.

EXPOSURE ROLLS

Photo fans with 35mm cameras may choose some color films for weekend shooting (special 12-exposure rolls), 20-exposure rolls for normal use or 36-exposure rolls for more intensive or vacation shooting.

Amateur photographers who wish to process their own color film — either reversal or negative type — can do so by eliminating Kodachrome and those films which come with prepaid processing included. Kodachrome has a complex processing technique which is best done by its own laboratory.

Other decisions which the camera fan may have to make before he decided on a particular brand of color film may involve: 1. the ASA speed of the film (for certain occasions a higher speed film is advantageous); 2. the location of the nearest processing lab in case time is a vital factor, and 3. the cost.

Cupboard Yields Ancient Letter

SPRINGFIELD, Ohio (AP) — A 128-year-old letter, written by Ezra Keller nearly a decade before he became Wittenberg University's first president, was discovered recently in an old cupboard.

The letter, presented to the university, was dated at Louisville, Ky., Oct. 1836. Written by Keller to his fiancee, Miss Carolyn Routzong of Middletown, Md., it recounts experiences of the first 600 miles of a 3,000-mile missionary journey which he was to make from Maryland to Missouri.

In it, Keller — who married Miss Routzong on April 25, 1837 — warns his fiancee to "be choicy (sic) of your company."

LBJ Subscribes To Boy's Paper

BELFRY, Ky. (AP) — Ten-year-old Terry Keesee's newspaper is small by most standards — a two-page weekly, circulation 150.

Its list of subscribers is impressive, though, for among them is President Johnson.

Terry's father managed to get press credentials to enable the boy to meet the President when he visited in Eastern Kentucky. Later the President's office wrote and requested a subscription.

Model Of Frontier Village Is Built

VICTORIA, B. C. (AP) — A full-scale frontier village is springing up at nearby Millstream and will cost its owner $30,000 before it is finished next year.

With 16 buildings, hundreds of antiques and a variety of domestic animals, builder Joseph Carlow says it should make a major tourist attraction.

The buildings will be based on old-style original designs and the whole village will be surrounded by a seven-foot stockade fence.

"Indians in Duncan have been carving a variety of things for the village including two 10-foot totem poles with seven-foot wing spans, another 14-foot totem pole and a 10-foot whale."

He found a lot of trouble getting authentic pieces. He spent a year looking for an antique locomotive bell and found a 100-year-old one by chance.

"I don't want to compromise the authenticity of anything in the village," he says. "I feel very strongly about this period of our history because my grandfather was one of the original pioneers in these parts."

Bert Parks isn't looking in a crystal ball when he says September 12 will see "the coolest Miss America, ever" crowned. What the cheerful emcee has his eye on is all the new air-conditioning equipment the Democrats had to install to make Convention Hall in Atlantic City tenable for their just-ended National Convention.

BUSY MAN

Jim Backus, who'll be heard weekly on NBC this year as Mr. Magoo in the new animated Magoo series, will also be seen — on another network (CBS). He's signed up as a regular on "Gilligan's Island."

BIB AUDIENCE

It is estimated that more than 100,000,000 viewers have seen the "Project 20" production of "The Real West." Shown again in the United States in early September the 1961 program has also been seen in 18 foreign countries to date.

Jim Backus "Mr. Magoo" is one gent who never kids his wife about beauty parlor bills any more. She's addicted to the plush California spa, "The Golden Door," talked him into paying a visit when they inaugurated a "men-only" week. Now he's hooked on carrot juise and sunshine too, at a thousand dollars for the seven days.

Japanese money is minted at Osaka.

"There are some changes ahead for "Mr. Novak" in his Sophomore year. Read about them in Ruth E. Thompson's interview with James Franciscus. Week of September 20, 1964.

Warriors Battle Owls To 13-13 Deadlock In Opener At Westminster

It took 11 years, 14 powerful performers and 48 grueling minutes to do the job, but it got done. The Gettysburg High School football team didn't win their opening contest of the season Friday evening but they turned in the next best job and will go into their second clash of the year next week with at least a clean record and not a losing slate. The Warriors and Westminster battled to a 13-13 deadlock before 3,600 fans on the Marylanders' gridiron which was dampened by scattered showers throughout the evening.

For the past 10 years Gettysburg fans have had to expect the usual, a loss to Westminster on opening night. This year it was different. During the entire game, coach Don Young used a band of only 14 happy, but powerful Warriors. Gettysburg gave away seven points early in the game, but managed to climb back late in the contest. In fact they came back so fast fans were almost treated to a victory. Dick Finkboner, 202-pound quarterback, ran and kicked the offense into position. Jones, Cullison, Heflin, Lutz, Walbright, Rowe and Deal turned in a perfect job of protecting their leader. Without him, the machine stalled. Ron Newman, Dick Walker and Tom Gilbert were the three remoining Warriors who got a chance to see some action.

EARLY FUMBLE COSTLY

One of the costly Gettysburg mistakes came on the very first play from scrimmage after the Warriors had received the kickoff. Fullback Ron Plank bobbled the ball and the Owls took immediate possession when Dennis Bowmon pounced on the loose ball. Nine short plays through the big line produced a quick score when fullback and captain Mike Wright blasted through the center of the line from three yards out with only 4:40 gone by in the contest, pint-sized tackle Bob Arbaugh came in and booted the placement.

Mike Herring fumbled again on the first play from scrimmage following the kickoff but this time Gettysburg retained the prize. However, this was in vain as five plays later Gettysburg gave the ball up via a punt. The first quarter ended with the ball crossing the midfield stripe.

The second quarter saw Westminster journey to the Gettysburg 24, but halfback Dick Blizzard lost the pigskin when guard Tom Heflin gobbled it up. Gettysburg lost the ball on five plays when Jack Buchheister intercepted a Finkboner toss on the Gettysburg 44 and returned it four yards. Westminster threw four incomplete passes and moments later the half ended with the Owls still in front 7-0.

GHS TD AERIAL

Gettysburg made its first penetration of Owl territory early in the third stanza. Plank was nailed on his own 31 pulling down an Owl boot. Dave Perdue gave the Warriors the life they needed when he galloped 15 yards and Finkboner and Perdue followed with 10 more yards placing the ball on the Westminster 44. Perdue lost one, Finkboner fumbled, but gained three and the Warrior quarterback again carried, stepping off 15 yards on a roll to the right. With the ball on the Owl 27, Mike Herring dug in for two and Finkboner followed with a perfect, well-timed aerial to Herring for a 25-yard touchdown play. Finkboner gave Herring just the right lead he needed to cut across the center. End Gene Williams bounced across the line to block Finkboner's attempt for the extra point.

Westminster took the kickoff ond marched 62 yards on 10 plays and a 15-yard penalty to score their TD. With seven seconds to go in the period, quarterback Jeff Myers rolled to the right and pushed into the corner end zone from nine yards out adding six points. This time Arbaugh's important placement was wide left.

Not to be outdone by the Owl march, the Warriors opened the final frame with a long 67-yard sustained drive of their own. Finkboner, Plank and Perdue carried five times rolling up 21 yards and two first downs, placing the ball on the Westminster 46.

FINKBONER RACES 41

Finkboner added five to the 41 and then on his fifth carry, moved four steps to the right and blasted off right tackle and jaunted 41 yards after a perfect block from Waybright, to score the visitors' second six-pointer. Finkboner then moved into kicking position, and booted the ball. The pigskin toppled end over end, hit the left upright bar, took a high bounce and finally fell to the ground. Up went the officials' arms and the game was tied at 13-13.

Moments later Gettysburg passed and ran its way to the Westminster 15 with 22 seconds to go in the game. However, Finkboner's attempted pass to Perdue was intercepted by Myers and the Warriors chances were stopped.

The Warriors will travel to Boiling Springs next Saturday evening to battle the Bubblers in the opening Blue Mountain League game.

FAVOR PALMER TO WIN GOLF'S $50,000 PRIZE

By JOE MOOSHIL
Associated Press Sports Writer

AKRON, Ohio (AP) — Arnold Palmer, the strong man with the King Midas touch, is a solid favorite to take down the top prize of $50,000 in the World Series of Golf beginning today.

The 36 - hole event which brings the winners of golf's four major championships together in head-to-head competition appears made to order for Palme who plays the vast Firestone course with amazing ease despite its 7,165-yards and a par of 35-35—70.

Palmer, the Masters champion who leads golf's chase for gold with earnings of more than $110,000 this year, will be challenged by U.S. Open champion Ken Venturi, PGA winner Bobby Nichols and British Open titlist Tony Lema.

NICKLAUS OUT

For the first time since the inauguration of the event, Jack Nicklaus, winner of the two previous World Series, will not be matching drives with Palmer.

Palmer's main competition probably will come from Venturi although any one of the four can have a hot hand for two days and win the big money. Second place is worth $15,000 and the two also rans will pick up $5,000 each in the extravanganza which will be televised nationally (NBC TV 3:30 p.m. to 5 p.m. EST).

The Brooklyn Dodgers won successive National League pennants in 1952 and 1953 and again in 1955 and 1956.

VETERAN JOCK EYES $100,000 SWEEPSTAKES

By ORLO ROBERTSON
Associated Press Sports Writer

SALEM, N.H. (AP) — Johnny Longden, at 58 the world's No. 1 race winning jockey, returned today to Rockingham Park hopeful he will do better than he did 29 years and some 23,000 miles ago when he lost his first start over this New England track.

In Wil Rad he has one of the swiftest entries in the field of 11 named to go the 1 3-16 miles of the first American race on which a sweepstakes is based.

Distribution of $1.8 million in sweepstakes prizes depends on the outcome of the race with the six holders of tickets on the winning horse getting $100,000 each.

ELEVEN STARTERS

Post time is 4:50 p.m., EST, with nationwide television over ABC scheduled for 4:40 p.m.

With 11 starters, the race will have a gross value of $144,820 with $94,133 going to the winner.

In that race, the $10,000 Decoration Day Handicap, he was last on a horse named True Flight. Today he was astride Wil Rad, a fleet son of Dumpty Humpty-Miadarity owned by Wilbur Clark and William Radkovich of California, in the $125,000-added New Hampshire Sweepstakes.

Since that eventful day in 1935, Longden through Aug. 31 has run his total winners to 5,871 in 31,260 mounts for total earnings of $23,650,467. The veteran, a wealthy man, has been a jockey nearly 38 years.

Roman Brother, a member of the 3-year-old division's top echelon off four stake victories including the American and Jersey Derbies, was the 8-5 choice. He picks up top weight of 123 pounds, giving seven to second choice Knightly Manner and nine to all others.

St. Francis Prep Hands Biglerville 27-7 Jolt Under Blistering Sun

A double barrel surprise was dealt coach Jack Emanuel and his Biglerville High School football team as St. Francis Prep stepped off to a fancy 27-7 win Friday afternoon on the winners' field. Both teams were inaugurating their 1964 grid seasons and it was done before a small crowd in blistering 90-degree heat.

The double blast came from the offensive maneuvers of Quarterback Frank Fazio, 6'2", 180, and Tackle Maurice Fullerton, 6'4", 296. The opposition, like Biglerville, shouldn't let the 296-pound Fullerton fool them. Fullerton moves with the grace and speed of a seasoned track runner.

Fazio, a smart, well-groomed quarterback, completed 11 of 19 passes for 175 yards and scored 19 of his team's 27 points. Biglerville's pass defense had its troubles all afternoon. The Canners managed to do well on containing the Hilltoppers' ground game. Coach Emanuel stated earlier that his main problem was replacing many of the veterans he lost last year. He wasn't fooling. However, the young Canners are the type of ball club which will come into its own and it won't take long. Juniors John Hartman and Larry Heintzelman gave the line an excellent boost. Gary Hoffman also came in at end to perform well. Johnny Pitzer may be just what the doctor ordered to improve the running game. Also running well were Richie Fair and Terry Taylor.

PREP SCORES EARLY

Following an early exchange of plays, St. Francis took over on its own 26 and marched the 74 yards on six plays. The key was a perfect floating 53-yard aerial from Fazio to flash halfback Tom Bathon which placed the ball on the Canner 21. Four plays later Fazio flipped a toss to Al Britton from eight yards out and the host club was in front 7-0 when Fazio followed with a PAT run.

Towards the end of the first half, St. Francis struck again as the result of a Canner fumble. Guard Pete Dziedzic recovered a Larry Dennis bobble on the Biglerville 33 to set the stage for the score.

Six plays later Fazio slipped out of the grasping arms of Bob Lancaster and completed a five-yard end sweep for the second TD. A bad snap from center eliminated the extra point. St. Francis led 13-0 at the half.

PITZER GALLOPS 28

Following the opening second-half kickoff, St. Francis was forced to punt and Biglerville stepped in quickly to record its first and only touchdown of the game. The Canners did such a fine job of moving the ball during the three-play 41-yard drive, that it looked as if they might continue throughout the remainder of the game. Taylor bounced through the right tackle slot for 11 yards to the 30 and then picked up two more to the 28. On the third play Pitzer struck for the left end slot and romped the remaining distance for the TD. Mel Mentzer booted the placement and Biglerville was six points down. That's how the scoring also stood at the end of three stanzas.

The Hilltoppers were in the process of recording their third touchdown when the quarter ended. Following a Canner punt, St. Francis took over on its own 37 and marched 63 yards on eight plays with Fazio going over from the one. Fullerton booted the ball for the conversion.

Biglerville took the kickoff and marched to the Hilltoppers' 20 before losing possession. It was here that St. Francis reversed the field on three plays and crossed the goal line for the last time. Fazio got things going with a 59-yard romp being being hauled down by Pitzer on the Biglerville 21. Two plays later Bathon skirted left end for 21 yards and the score. Again Fullerton split the uprights.

Biglerville will attempt to bolt into the win column next Friday evening when they entertain Big Spring in a Blue Mountain League clash.

Trojans Score Twice In Final Period To Defeat Delone Gridders 25-13

After battling back to a 13-13 tie at the end of three periods, the Delone Catholic High gridders bowed to the powerful Chambersburg 25-13 on the Trojans' field before a huge crowd Friday evening by giving up a pair of touchdowns in the final period.

Late in the first period Chambersburg set the stage for an early second quarter when Larry Tasker broke through to block Phil Staub's punt on the Delone 12 with Ronnie Marshall pouncing on the ball.

Barry Carter picked up seven yards on two end tries as the period ended and on the first play of the next stanza Carter went over from the four. He then added the point on a placement.

Another blocked Squire punt paved the way for Chambersburg's second score in the waning moments of the first half. This time Chet Flagle of the Trojans blocked Ray Timmins boot from the Delone 11 and Frank Gochenauer, center, scooped up the ball and went over from the five-yard line. Carter's kick for the point was wide to the left.

WAGNER RECOVERS

Early in the third quarter Delone chalked up its first score after Cocaptain Bob Wagner recovered Marshall's fumble on the Chambersburg 18. Dave Knox got four yards and Ted Elliott was held to no gain. Emig cracked center for two yards and then whipped a pass to Phil Staub who streaked over from the 12. Staub added the point via a placement.

The Squires capitalized on another recovered fumble to knot the score a few plays later. Chambersburg fumbled on the second play after receiving the kickoff and Staub recovered on the Trojans' 20. Don Emig and George Emig moved the ball to the two from where Dave Knox cracked over for the TD. A pass for the point was just short of the goal.

In the waning minutes of the third period Timmins was forced to run with the ball after being unable to get off a punt for Delone and Chambersburg took the ball on the Squires' 36 from where they struck of an early last period score. The Trojans took to the air with Rod Miller finally tossing to Carter for a touchdown from the 10. The try for the point was fumbled.

ICE OUTCOME

With two minutes of play remaining Chambersburg took the ball at midfield via a punt and struck for its game-clinching score, the big play being a pass from Miller to Marshall who scampered 43 yards to the five. There was less than a minute to play when John Webb smacked over from the five. Another fumble nullified the try for the point.

Next Friday night Delone plays its first home game when it entertains Lebanon Catholic.

ROOKIE BEATS ORIOLES 8-0; LEAD IS CUT

By HAL BOCK
Associated Press Sports Writer

The Kansas City Athletics seem to beat the Baltimore Orioles only once in a blue moon. The moon wasn't blue Friday night, but the A's pitcher was, and so were the Orioles.

Charles O. Finley's $75,000 bonus rookie, John (Blue Moon) Odom, an 18-year-old right-hander from Macon, Ga., was the starter for the Athletics in the nightcap of a twi-night doubleheader against the Orioles. Baltimore had taken the opener 5-2 for Wally Bunker's 16th victory.

After what the Yankees did to Blue Moon in his big league debut (six runs in two innings last Saturday) Baltimore could hardly wait to get started against the youngster. They were so anxious, they nearly didn't get started at all.

BEAT ORIOLES

Odom had a no-hitter for six innings and by the time the Orioles finally got a safety, the A's had a lead of 8-0, the final score.

Brooks Robinson opened the Oriole seventh with the fourth of six walks off Odom. Sam Bowens sent a bouncer at third baseman Tom Reynolds, who had two errors in the first game and bobbled two other grounders. The chopper bounced off Reynolds' legs and the official scorer ruled it a hit.

With Blue Moon's shot at immortality spoiled, players in the Athletic dugout and bullpen waved towels to show their displeasure with the decision. The only other hit off Odom came in the ninth when Robinson beat out a dribbler to the mound.

LEA IS CUT

The split reduced Baltimore's American League lead to one-half game over Chicago which whipped Cleveland 7-3. Third place New York slipped two games off the pace, losing to Minnesota 5-3. Detroit edged Washington 5-4 and Boston blanked Los Angeles 3-0 in other AL action.

In the National League, Philadelphia blanked San Francisco 1-0, New York downed Los Angeles 4-2, Pittsburgh blanked Houston 3-0, Milwaukee edged Cincinnati 1-0 and St. Louis shut out Chicago 5-0.

POOR SUPPORT

Bunker, who got late-inning help from Harvey Haddix, whipped the Athletics for the sixth time. John O'Donoghue, the A's starter, was the victim of leaky fielding support and two of the Oriole runs were scored as unearned.

Brooks Robinson ripped three singles in the opener, running hits hitting string to 11 for 13. Robinson went 1 for 3 agaist Odom in the nightcap.

Gary Peters won his 17th game and Ron Hansen and Pete Ward clouted home runs to help Chicago whip Cleveland. Hansen had his 18th homer and Ward his 21st in the sixth as the White Sox took a 3-2 lead. But Chico Salmon tied it with a homer in the Indians' sixth.

The Sox pushed across the tie-breaking run on Floyd Robinson's infield single in the seventh and then wrapped it up with three runs in the eighth.

Jim Perry came on in the fourth inning and limited the Yankees to one hit until leaving for a hitter in the eighth as the Twins dropped the defending champions.

TUNIS BEAT YANKS

Perry relieved starter Gerry Arrigo after Joe Pepitone's 23rd homer had narrowed the Twins' lead to 4-39 He got out of the inning and then sailed through until the ninth when Al Worthington came on to finish up.

Jimmie Hall and Don Mincher homered for the Twins and Arrigo contributed a two-run double before leaving.

Bill Monbouquette pitched a five-hitter beating Dean Chance and the Angels. Dick Stuart drove in two runs for the Red Sox and helped hand Chance his second loss in 15 decisions since the All Star break.

Don Wert's fourth hit of the night, a leadoff triple in the bottom of the ninth, set up the Tiger victory. When Washington's Ron Kline uncorked a wild pitch, Wert trotted home with the winning run. Don Lock had a three-run homer for the Senators.

FRIDAY'S STARS
By THE ASSOCIATED PRESS

PITCHING — Deny Lemaster, Milwaukee, pitched a one-hitter, outdueling Jim Maloney who had a two-hitter, as the Braves nipped Cincinnati 1-0.

BATTING — Don Wert, Detroit, went 4-for-4 and scored the tying run in the fourth inning and the winning run after tripling in the ninth, giving the Tigers a 5-4 triumph over Washigton.

The Los Angeles Dodgers were shut out eight times last year but only once after June 30.

The Chicago Bears led National Football League teams in interceptions last season with 36.

Stick Sparks Suburban To Last Quarter 14-6 Win Over Littlestown

Sparked by the fine outside running of Wes Stick, 183-pound back, York Suburban stormed from behind with two touchdowns in the final period to spoil Littlestown High's gridiron opener Friday night at Littlestown as Suburban took a 14-6 descision. It was the lone York County League game played.

Sick raced over from the six midway in the last period to tie the score and John Keiter placekicked the point to give the Trojans a 7-6 lead.

He raced across again with about two minutes left following a 54-yard drive by Suburban which got underway after Greg Bentzel intercepted a Bruce Crouse aerial on the Trojans' 46.

It was during a blinding rain storm which swept Memorial Field that the Thunderbolts registered their lone touchdown.

MYERS ON LONG RUN

Early in the second quarter Littlestown took possession on its 31 via a Suburban punt. After Louie Orndorff picked up six yards, Greg Myers broke away on the longest run of the evening when he scampered 48 yards before being dropped on the visitors' 15. On the fourth play Crouse fired an 11-yard aerial to Jim Strevig, end, for the score. Another pass for the point fell incomplete.

Littlestown muffed a scoring chance late in the first period right after the rain started. Ray Dutterer pounced on a Suburban fumble at midfield to ignite the threat.

The Thunderbolts picked up two straight first downs, last of which came on a 21-yard gallop by Myers to the Trojans' 15. Terry Pottorff hit the line for four yards. Crouse then tossed to Strevig for two and Orndorff picked up two on a carry. Crouse attempted to bull his way for the first down but was halted on the six where Suburban took over.

After Littlestown's score in the second quartuer, York Suburban made a mild threat by advancing to the Littlestown 29 where the Bolts took over, punting out shortly before the half ended.

BOLTS HALT THREAT

Early in the scoreless third period Perry Grove recovered a fumble for the Thunderbolts on the Littlestown 35. An exchange of punts followed before Bentzel snared a Littlestown pass on the Bolt 30. Littlestown was equal to the occasion and on the last down took possession on its 21.

Late in the quarter Terry Pottorff punted to Suburban's 29 and the Trojans were set back even further, to the 14, on a 15-yard penalty. It was from there they launched an 86-yard drive, sparked by the running of Stick and Fred Bergdoll, which finally wound up with Stick's first six-pointer.

Littlestown chalked up six first downs as compared to 15 for Suburban. The Bolts completed eight of 15 passes with three being intercepted. Suburban, sticking mostly to a running game, connected on one of four passes.

Next Saturday afternoon Littlestown takes on West York on the latter's field in another York County League game.

RALSTON AND STOLLE TIED AT TWO EACH

By WILL GRIMSLEY
Associated Press Sports Writer

FOREST HILLS, N.Y. (AP) — It's sudden death today for America's Dennis Ralston and Australia's Fred Stolle in the National Tennis Championships.

But no matter what the result of this stirring, postponed match between key Davis Cup principals, it would be difficult to point to it as a criterion of the outcome of the Challenge Round at Cleveland Sept. 25-27.

If anything, this opening preview only serves to portend that the Davis Cup battle between the United States annd Australia will be a knock-down, drag-out affair—and a tossup.

Playing in the quarter-finals of the National Championships, Stolle, No. 2 singles player on the Australian team, took the first two sets from Ralston with brilliant tennis 6-2, 6-3 only to lose the next two to a fighting comeback 4-6, 3-6.6

POSTPONE MATCH

The fifth and final set was knotted 7-7 when it got too dark to see the ball and the match had to be postponed until 10:30 a.m., EST, with each player two games from victory.

It's Stolle's service.

This offers a little early excitement for the semifinal program which also presents a match between the two top-ranked players of the Davis Cup Challenge Round rivals — Chuck McKinley of San Antonio, Tex., and Wimbledon champion Roy Emerson of Australia.

The winner of the Ralston-Stolle match plays defending champion Rafael Osuna of Mexico, who outfoxed big, hard-hitting Mike Sangster of Britain 3-6, 9-7, 12-10, 6-3.

3 YANKS WIN

It's three Americans and defending champion Maria Bueno of Brazil in the women's semi-finals. Miss Bueno plays unseeded Carol Hanks of St. Louis. Nancy Richey of Dallas meets Carole Caldwell Graebner of Santa Monica, Calif., in the other bracket.

Miss Richey upset third-seeded Billie Jean Moffitt of Long Beach, Calif., 6-4, 6-4, capitalizing on the latter's double-faults. Mrs. Graebner ousted Karen Hantze Susman of San Diego, Calif., 4-6, 8-6, 6-3.

Injuries Strike Bullet Grid Squad

A pair of major injuries and a host of minor difficulties have attacked the Gettysburg College football team resulting in a frantic revamp of plans. The Bullets conclude their first two weeks of preseason drills today by meeting Shippensburg State in a scrimmage on the State field. Gettysburg opens its regular season on September 19 by tangling with Hofstra on Memorial Field.

Following an intra-squad scrimmage this week, Coach Gene Haas learned that he had lost sophomore quarterback Dick Shirk, Lebanon, for six weeks and fullback Rod Kuhns, Wescosville, for about two weeks. Shirk sustained a fracture of the left collarbone while Kuhns suffered a slight dislocation of the right shoulder.

Bob Nye, Carlisle, and front line right guard Rod Brentzel, Irwin, sustained injuries during the summer and are just coming around. Bob Kinsey, Middletown, who suffered a leg injury last season on the frosh squad, is progressing rapidly and should be ready by the opening contest against Hofstra. Those who have come up lame during the second week of drills are co-captains Ken Snyder, Hershey, and Mark Snyder, Lebanon.

New All-American Dairy Show Opens Next Monday In Farm Show Building

By THOMAS E. PIPER
Adams County Farm Agent

The new Pennsylvania All-American Dairy Show will give residents of the state an opportunity to see the finest dairy cattle in the United States and Canada along with many educational exhibits.

Thomas E. Piper

The show, scheduled Sept. 14-17 in the State Farm Show Building, Harrisburg, will feature over 2,000 head of dairy cattle in six breeds.

Pennsylvania Secretary of Agriculture, Leland Bull stated, "As plans were being formulated, it was hoped that there would be 1,500 entries, but the response of dairy farmers from Pennsylvania and other states and Canada exceeds our most optimistic expectations."

JUNIOR SHOW FIRST

The show will begin at 8 a.m. September 14 with the Pennsylvania Junior Dairy Show. Over 500 head of 4-H and FFA blue ribbon animals will be shown. These animals are all winners in district competition. At 6 p.m. of this same day, the annual Holstein sale will be held.

Beginning at 8 a.m. on Tuesday, September 15, the Pennsylvania Black and White Show can be seen in the large arena, followed by the Guernsey sale at 6 p.m.

At 8 a.m. September 16, Guernseys, Ayrshires, and Brown Swiss will be judged and the Jersey sale will follow at 6 p.m.

On Thursday open judging of Holsteins, Jerseys, and Milking Shorthorn will be featured in the large arena of the Farm Show building.

All persons interested in dairy cattle are urged to make plans to visit the first international open show ever held in Pennsylvania. Admission is free and ample parking facilities are provided.

HORIZONTAL SILOS

Eliminating part of the labor involved with livestock feeding is a subject on the minds of many livestockmen today. This is especially true for the beef cattle producer. Many of them have gone to the use of horizontal silos — trench or bunker — in recent years. Some have found that self-feeding from horizontal silos can be successful.

Success with a horizontal silo is dependent on several important factors:

They should be located where it is convenient to remove silage daily or in an area where cattle can self-feed. Stay away from areas where surface water will drain into it. It should be partially sheltered from prevailing winds, especially if cattle are self-feeding. Sometimes snow drifting is a problem during the winter. Also, the feeding surface should be wide enough to allow about one-fifth of the cattle to eat at a time.

QUALITY DECIDED EARLY

A solid floor is absolutely necessary. Too many trench silos become quagmire in wet weather. Earth sides on trench silos also tend to crumble away and sooner or later most owners construct permanent sides on their trenches.

Proper fermentation makes good silage. Forage should be packed immediately. The quality of silage may be determined within a few hours after ensiling. Running a tractor in all directions repeatedly over the forage is probably the easiest way to exclude the air. Wilted silage has some advantages over direct-cut silage, but excluding air from wilted silage is more difficult than with direct-cut silage. This places more emphasis on rapid filling and packing.

Many losses occur when too much surface is exposed to air, rain and snow which leach away the nutrients. USDA researchers found the silage saved by covering with some of the modern plastic sheetings was about three times greater than the cover cost. These covers were weighted with sawdust all over and with railroad ties at the edges.

STARTING NEW LAWN

A beautiful lawn doesn't come easily.

Successfufl establishment of a new turfgrass area requires sound establishment practices.

Begin by having a complete soil test made by the Penn State University Soil Testing Laboratory. Then, follow these steps:

Rough grade the area and remove all stones and debris and apply ground limestone if needed in accordance with a lime requirement test.

Apply a basic fertilizer (phosphorus and potash) as indicated by the soil test.

Add soil amendments such as organic matter if the soil test indicates need for this material.

Till the above materials into a four to six inch soil depth, finish grading the areas.

Apply a starter fertilizer such as 5-10-10 or 10-10-10 and work into the top inch of soil.

Apply the proper seed mixture using good quality seed.

Rake or drag area to lightly cover the seed.

Then roll lightly to firm the seed into good contact with the soil.

Finish the job by mulching the area with clean straw or marsh hay.

Following these steps will increase your chances for establishment of a successful lawn.

LABOR GIVES LBJ FIELD DAY

MIAMI BEACH, Fla. (AP)—The Johnson Administration — to nobody's surprise — is enjoying a field day in the presidential campaign at two big labor conventions on Miami Beach.

President Johnson got a roaring endorsement Thursday from the United Mine Workers in his bid to hold the office against the challenge of Sen. Barry Goldwater.

Johnson's secretary of labor, W. Willard Wirtz, received two standing ovations after he addressed the miners and then traveled three miles down Collins Avenue to talk to the International Association of Machinists.

TO APPEAR PERSONALLY

Johnson will appear personally before the Machinists next Tuesday.

Elimination of unemployment, the President told the convention, has No. 1 priority in his administration and he asked the miners to "help me in the job I am trying so hard to do."

Johnson told the miners the goal of his administration is to create five million more jobs and bring full employment "in a strong, growing, thriving, bustling economy."

Oklahoma is a Choctaw Indian word meaning "Red People."

Jurist Lifts Whipping Order

DOVER, Del. (AP) — The threat of a whipping penalty that once hung over Franklin W. Cannon Jr. has been lifted.

Superior Court Judge Stewart Lynch filed an order Aug. 28 that struck the lash penalty he first ordered for Cannon in December, 1961.

The order lifting the whipping penalty was filed with Kent County prothonotary, Frank R. Hayes 10 days before Cannon was arrested in Lock Haven, Pa., on Delaware warrants charging him with writing bad checks.

In his order lifting the whipping penalty, Judge Lynch wrote that since the state had granted Cannon a parole, "there is a reasonable probability that the defendant will not violate the laws of this state and that his release will be compatible with the welfare of society.

3 WIN BERTHS ON MAT TEAM

ANNAPOLIS, Md. (AP) — A college French teacher, an Army lieutenant and a physical education instructor won berths Thursday on the U.S. Olympic Greco-Roman wrestling team.

Andrew Fitch, who teaches French at Columbia University, outpointed Marine Lt. Larry Lauchle of Muncy, Pa. in the 125.5-pound class. Lauchle was a member of the Olympic team in 1960.

The third team member chosen was Pat Lovell, a physical education teacher from Redwood City, Calif., who outpointed Jack Barden of Port Huron, Mich. in the 213.5 pound class.

Fitch won a gold medal last year in the Pan-American Games and was sixth in 1963 in the World Championships in Bulgaria.

Ron Finley, an Army lieutenant from Corvallis, Ore., outpointed Linn Long of Boulder, Colo. to earn a trip to Tokyo.

Villanova Gets 3 Good Runners

BALTIMORE (AP)—Two outstanding Maryland High School distance runners say they will attend Villanova University on scholarships.

Dave Patrick and Charles Messenger, both of whom attended Kenwood High School, said Friday they had received scholarship offers from about 23 colleges.

Patrick, who weighs 150 pounds, set state records in the mile and half mile. Messenger, who weighs only 130 pounds, set state and national records in the two-mile run.

FIRST GRADERS CREEP TOWARD EASY READING

By WILLIAM J. CONWAY

CHICAGO (AP) — Forty-three first graders put on kneepads, got down on all fours and crept around a lunchroom for seven minutes.

It's part of a daily program to help them to learn to read.

It started Thursday at St. James Roman Catholic school in suburban Sauk Village.

A letter to parents explained that Dr. Carl H. Delacato, who has made a study of the subject, theorized that youngsters have trouble learning to read in direct proportion to their lack of neurological organization.

That means, it added, the nervous systems of many children have not been developed adequately.

The letter related that such development goes through stages in infancy, crawling on the stomach. Later, creeping in a cross pattern with the simultaneous movement of one hand and the opposite leg. Next, toddling. At 3 or 4, walking in cross pattern. Then, at 5 or 6, one side of a child becomes dominant, making left-handed or right-handed.

Without such development, the letter set forth, a person becomes neurologically unorganized.

So the first graders went creeping around, moving the left hand, a right foot and then the right hand and left foot.

Sister Mary Peter, one of the teachers, said the little pupils also will take walking exercises, swinging the left hand while moving the right foot and vice versa.

"It's a theory," the nun continued. "It's not proven yet."

Novice Gets Spot On Olympic Team

ANNAPOLIS, Md. (AP — Charles Tribble of San Bernardino, Calif., who has never wrestled in international competition, won a berth on the U.S.. Olympic team Friday, pinning Leonard Kauffman of Lebanon, Ore., with less than a minute to go in their freestyle match.

In a final round Greco-Roman match in the heavyweight category, Bob Pickens of Evanston, Ill., joined the Olympic team by eliminating Jim Raschke of Omaha, Neb.

GREENVILLE, Miss. (AP) — Jimmy Ethridge, 19-year-old Greenville High School football player, died after he was injured in a game against Clarksdale High School Friday night.

Ethridge, an end, was hurt in a play 51 seconds before halftime. He was dead on arrival at a hospital.

There were no details from the hospital on the cause of death.

37 Abandon Ship At Sea; Are Safe

NEW YORK (AP) — Thirty-seven men who abandoned a burning freighter in the Atlantic Ocean were reported safe aboard another ship today.

"All hands accounted for. Vessel burning fiercely but looks like will stay afloat," the rescue ship, the freighter La Pintada from Panama City, radoied the Coast Guard Friday night.

The men let the 13,790-ton freighter, Globe Explorer, in lifeboat and rafts.

THE BATTLEFIELD SWIMMING POOL
Located ½ Mile on the Baltimore Pike, Gettysburg
WISHES TO ANNOUNCE
that, during the past swimming season, one of the newer requirements of the Penna. Health Department applying to public swimming pools was that a bacterial test be made weekly by a certified chemical laboratory.
The Eastern Chemical Laboratory Assn. of York, Pa., made 11 consecutive weekly bacteria analyses of the pool water and we are gratified to say to our many patrons of the past season that ALL THESE BACTERIA ANALYSES WERE VERY SATISFACTORY.
These successful tests prove that we treated and kept the pool water in perfect condition at all times.
I wish to commend and thank "Dick" Kelly for his help and cooperation in the operation of the filter system and chlorinator.
We also thank the following personnel for their fine help and cooperation: Life Guards: Mr. "Charlie" Lilley, Miss "Judy" Brame, Mr. "Dick" Smith and son, Rance, Rodgers Kelley, Mr. "Bob" Martin and Dennis Herring.
Thanking All of You
JACK LAMONT

David Hedison Will Play Role Of Sub Commander In ABC Feature "Voyage To Bottom Of The Sea"

By RUTH E. THOMPSON

"It really seems I was destined to play 'Voyage to the Bottom of the Sea,' " smiles handsome Black-haired David Hedison. "Furthermore, any actor who wants to build his career today needs a good television series.

"Glad I got a second chance."

"Second chance? But this is a brand-new series!" (at 7:30 p.m., Monday it leads off ABC's week of premieres).

"Well you see, before it was ever envisaged as a television series, it was a movie. And Irwin Allen (producer-writer-director) approached me then about playing 'Lee Crane,' commander of a slightly futuristic submarine. I'd just done his 'Lost World' with Michael Rennie and Jill St. John. However, I thought I needed a change of pace. Also, there were contract problems so I said 'No,' then regretted it.

HAS TV VERSION

"Allen, however, is also producing the television version. Again he saw me as 'Crane' . . and this time, so did I."

Starring as Admiral Nelson (first name, Harriman — not Horatio) is Richard Basehart. It all has to do with a non-military submarine fighting evil in the year 1973. "The Seaview" is ostensibly a research vessel but it really gets around where the intrigue lurks . . . be it under the North Sea, or on a prehistoric reef.

Also foreseeable in this near future is plenty of romance when Crane steps ashore.

A MODERN STAR

"Considered one of the film colorful bachelors, David lives in a hideaway canyon-home that once belonged to Jean Harlow. Not fond of cooking, David is fortunate in having so many young lady friends, who are." That's the way a biography from 20th Century-Fox, to which he was under contract for five years, sees him.

The time is nine years from now aboard the "Seaview." The futuristic atomic sub will roam the seas fighting corruption every Monday from now on at 7:30 on ABC. Starring are Richard Basehart (center) and David Hedison (left). Seated is series regular Henry Kulky.

But if he is enjoying the glamour life — and he seems to — it's certainly not at the expense of his career.

"He doesn't coast on the personality or the looks. He's very talented and he works very hard," said an observer.

WORKS HARD

Hedison acknowledged that yes, he does work hard.

For a noncook he'd graciously struggled through the preparation of instant coffee for a couple of midmorning visitors.

Then he dashed upstairs for a fat manuscript before settling down in the two-story living room of the simple but luxurious town house he rents when in New York.

It is an extensive biography of Commander Lee Crane's entire life as Hedison sees him. The outlines by the authors would be "too sketchy" for such a conscientious performer.

PASSION FOR ORDER

"Crane," you read, "has a passion for order. With him it is necessity." You look around the serene room. Uh huh. Not one ash tray out of place.

"Crane has courage. He seems to like excessive danger for its own sake." Hedison at the outset of his career took a job with an outdoor pageant that required his riding a horse. He was then afraid of horses, was thrown regularly at every performance, didn't let it faze him.

But it's not that he's playing himself. "Crane," he thinks, is probably the son of a man who was probably secretary to "the pre-World War II nomadic rich. But it would give him the detached view of the servant."

Hedison, himself, however, is the only son of a Providence, R. I., businessman. Yes, his father wanted David to follow in his footsteps (jewelry enameling).

EYES ON STAGE

"But, ever since I first saw Tyrone Power in 'Blood and Sand' I've wanted to be an actor."

But the rules kept changing and, as David has pursued his course, he's kept flexible. "Though you do television in Hollywood nowadays, today's actor has to be willing to work abroad, I did the movie 'Marines, Let's Go,' in Tokyo . . and my first television series, 'Five Fingers,' in Europe."

PLENTY OF LEAN DAYS

To please his father, David had attended Brown University for three years

MOVED TO N.Y.

"But I still wanted to be an actor. So I moved to New York and enrolled at the Neighborhood Playhouse Theater School.

"I also put every cent I could earn at odd jobs, into coaching with Uta Hagen." He could have sent home for money, but having decided to make good on his own, he stuck with it, once, even sold a pint of blood to round up some cash.

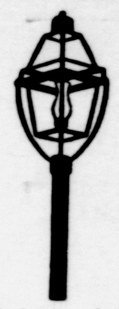

Parts in stock, and awards attesting to his talent began to mount. Then for his role in "A Month in the Country," (directed by Michael Redgrave) he won a big one. "Most Promising Newcomer." That's when 20th Century snapped him up. His first movie role was "The Enemy Below." Then came "The Fly," and next the English-made "Son of Robin Hood."

NEVER IDLE

He seems never since to have been idle.

"No, it's not as easy as that. An actor must keep working. That's why I write. This biography is someting I do for myself. But I'm also working on a play which I certainly hope will be produced."

ABC TO HAVE STRONG FLAVOR OF MILITARY

By CYNTHIA LOWRY
AP Television-Radio Writer

HOLLYWOOD (AP) — The American Broadcasting Company seems to be staking a claim on military life. This season it will have six shows, three of them comedies, involving uniforms.

"Combat" will be back with its mud-stained heroes continuing their grim battle across France from the beachheads towards the Rhine. This year they will get some air support from "12 O'Clock High" a new series about a bomber group.

"McHale's Navy," still fighting the funny war in the Pacific, this year is joine dby a sister show, "Broadside" about a bunch of lady sailors. Then there is "No Time for Sergeants," adapted from the army-life movie that gave Andy Griffith his big push — and, interestingly, Griffith's competition this season.

TWO NEW ENTRIES

CBS has two new entries. One is a documentary series, "The Great War," a study of the 1914-18 conflict. The other is a child of Andy Griffith's comedy series called "Gomer Pyle — USMC," with Jim Nabors playing a country-style Marine recruit.

Comedy wars are rarely dangerous in televisionland, but they are not exactly a barrel of fun for the performers.

On one of the hottest days of the summer, Nabors and company were on location in a wild canyon beyond Beverly Hills filming an episode about a training maneuver. For more than an hour in the broiling sun Nabors had been working on one scene in which he had to carry a husky actor around a bend and then — with his burden still slung over a shoulder — go through a lengthy dialogue. The problem was that Nabors was so winded by the time he reached the microphone he could scarcely gasp.

POISON OAK TOO

"I carried him all day yesterday, too," the actor moaned, mopping a sweaty brow and fanning himself with his helmet liner. "Last night I was so plumb tuckered out I fell asleep at the dinner table — in a restaurant."

Nabors said that so far he has suffered only a skinned elbow, but added that maneuvers, even fake ones, are not without real peril. The actors' real enemy is more dangerous than blank bullets and small explosive charges. The canyon is full of poison oak.

David Hedison

(Continued from Page 1)

Television, however, doesn't have the long waits you get with straight movie making. It may be some time before he can get back to his playwriting. Is he worried?

"Quite the opposite. Unlike the old days, movies alone are not enough to build an actor. Then one could do, maybe, a dozen pictures a year. Now only television gives the steady working pace. And an actor needs audiences. In fact today's actor needs a TV series. Now "Five Fingers" was good, but it wasn't on at a particularly good hour.

"Voyage to the Bottom of the Sea" is just what I need and want." Good thing that destiny — in the form of Irwin Allen — sometimes gives second chances!

WEDDING BELLS FOR MEREDITH . . . The TV wedding bells will be slower ringing than the real life chimes for Meredith MacRae, honey blonde daughter of the Gordon MacRaes. Say the writers of "My Three Sons," it'll be a long time before the fictional marriage to the character played by Tim Considine gets solemnized. In real life though, Meredith is promising to love and cherish Rick Berger.

BURCH CRIES "FOUL" ON TV ADVERTISING

By W. B. RAGSDALE Jr.

WASHINGTON (AP) — The national chairmen of the Democratic and Republican parties signed a fair-campaign pledge today—and immediately got into a hot row over alleged unfair campaign tactics.

Republican Chairman Dean Burch and Democrat John Bailey read their prepared statements without incident, then signed the pledge drafted by th Fair Campaign Practices Committe.

But before the news conference was over, Burch cried "foul" over a Democratic television spot announcement.

He said the TV spot showed a little girl picking daisies, then a nuclear blast and finally had a voice urging voters to support President Johnson.

"The only innuendo that can be drawn is that President Johnson is a careful man and that Sen. Goldwater might somehow cause some sort of atomic conflict," Burch said.

He said this constituted "libel against the Republican nominee" and was an unfair appeal to the basic emotion of the survival instinct.

SHORTER, ANYWAY

"Not quite shorthand, but certainly a shortcut," is the way an observer describes television newsman Robert Trout's way of note-taking. What it is, explains Trout, is his own adaptation of the Phillips code, an abbreviated writing technique that is sometimes substituted for Morse code by telegraphers.

WROTE REYNOLDS'

One of Carl Reiner's first assignments after he stopped being second banana to Sid Caesar in 1959, was to write Debbie Reynolds' first television spectacular.

Joey Bishop was once welterweight boxing champion . . . of the Army Eighth Service Command during World War II.

TV Briefs

June Allyson due East to serve as a "Miss America" judge.

Recent predictions hereabouts that William Demarest was heading toward greater prominence (and maybe his own series eventually?) are already coming true. The scratchy-voiced movic comic, signed to play William Frawley's brother in three episodes of "My Three Sons," showed up so strongly that he's been signed for four more.

In addition to co-starring with his wife on "The Adventures of Ozzie and Harriet," Ozzie Nelson is producer, director and head writer for the ABC series which commences its 12th year on television.

Twelve times in 13 years the "Jack Benny Program" was nominated for Emmy Awards.

Efrem Zimbalist Jr., whose own father is a famed violinist, himself studied violin for a time . . . under the tutelage of Ivan Heifetz, father of concert violinist Jascha Heifetz. Though acting is his profession, Efrem Jr. composes music as a hobby.

Mitch Miller has been named National Brotherhood Week chairman for 1965 by the National Conference of Christians and Jews.

Irish Television has become the first "foreign buyer" of John F. Kennedy's "Profiles in Courage" which is being serialized by NBC.

ABC used more than 100 "fully transistorized TV monitors" during the recent conventions. It is said that transistorized monitors are lighter, smaller, use less power and "suffer fewer breakdowns" than the older vacuum-tube type monitors.

Sheldon Leonard, executive producer of "The Danny Thomas Show," appears from time to time in the series as Danny's agent, Phil Brokaw.

Jada Rowland of "The Secret Storm" has dubbed English translations into such foreign films as "Heidi," "Hansel and Gretel" and "La Strada."

Leon Ames, Col. Kirkwood on "Mister Ed," is on the executive board and the board of directors of the Motion Picture Relief Fund.

Dale White, seen on occasion as Don Wilson's not-so-bright son on "The Jack Benny Program," is bright enough to own two engineering degrees.

Seymour Berns, director of "The Red Skelton Show," is Executive Vice President of the National Academy of Television Arts and Sciences.

Sebastian Cabot, host of the new "Suspense" series on the CBS Television Network, once worked as chauffeur for British actor Frank Pettingell.

Bea Benaderet, star of "Petticoat Junction," started her career in radio as an actress-singer-writer, producer-announcer in San Francisco.

Nearly every weekend, Vivian Vance, co-star of "The Lucy Show," commutes by jetliner from Hollywood to her Stamford, Conn., home.

Bill Berger, Emory Warren on "The Edge of Night" on the CBS Television Network, was a track star in his college days at Columbia University.

Edward Binns of the CBS Television Network's "The Nurses" spent a year in Mexico as actor-director of the Pan-American Theater.

Montana Traffic Deaths Increase

HELENE, Mont. (AP) — Montana is the only state in the nation to have shown a two-year reduction in its traffic death toll during 1962 and 1963, Gove. Tim Babcock said.

Word from the National Safety Council indicated Montana's closest competitor was Arizona, which recorded two more traffic deaths in 1963 than it had in 1962. A total of 510 persons died on Arizona highways last year.

Montana recorded 229 traffic fatalities in 1963, a drop of 11 per cent from the previous year. In 1962 the decrease was 7 per cent from the year before, with a total of 256 killed. Nationally, traffic deaths rose 5 per cent in both 1962 and 1963.

ABC Will Feature Entire New Lineup

"Galaxy of Stars" seems no overstatement for the ABC season - opening one - hour special Sunday September 13 (9 — 10 p.m.).

With Bing Crosby as emcee, producer Nick Vanoff plans to bring on two dozen headliners from the network's fall lineup.

And Bing Crosby himself will be one of the regulars for 1964-65. He's starring in his own situation comedy Mondays, 9:30 — 10 p.m.

Following the custom it established last year, ABC is bringing on its entire new lineup in a single week.

"Galaxy of Stars," therefore, constitutes a preview look. Among those who will appear (listed in alphabetical order) are: John Astin, Gene Barry Walter Brennan, George Burns, Ted Cassidy, Jackie Coogan, Jimmy Dean, Patty Duke, Anthony Franciosa, Sammy Jackson, David Janssen, Carolyn Jones, Kathy Nolan, Mickey Rooney, Connie Stevens, Inger Stevens and Lawrence Welk.

URGES WOMEN TO ADD BEAUTY IN EYE MAKEUP

By VIVIAN BROWN

NEW YORK (AP) — Everyone's eyes are beautiful. So with that head start, why do we emphasize our mouths, eyebrows and the shape of our faces, asks Pablo Zappimanzoni visiting makeup man from Rome.

"Men and women talk eyes to eyes. Not square face to round face or triangle face, so eyes should be played up," he points out.

The American woman is the best educated in matters o f b eauty, he says.

"Newspapers, magazines and television tell her how to shampoo, wave her and even give herself a permanent. But they also give her old-fashioned beauty advice when they tell her to classify herself as face — round, triangle, square and so-on."

It makes no difference what the shape of the face. Concentrate on beautifying the eyes, emphasize your appearance with perfume and beautiful fabrics, and "keep your own face," he says.

"No two square faces are alike, really. Women are told to wear a page boy hairdo for a square face, but if she has a bad neck, it will look terrible on her. If she has a triangle face, wear lots of rouge, they tell her. But that will only make her look like a circus performer."

THE NATURAL LOOK

Pablo favors light makeup. He concentrates on the eyes with false lashes, eye liner and shadow between the lid and first fold of the eye skin, but his makeup is not obvious.

He doesn't believe in changing liplines. Trying to make lips larger will just pick up fuzz around the lips. He emphasizes small lips by putting a V-shape dip at the center of the lower lip. Get cherry lips like Brigitte Bardot's.

He always leaves a certain amount of shine, at cheekbones and nose, except for a dab of powder at the tip of the nose. He likes pink rouge for older women applied far out, from the temple down long the cheek. Powder should only be applied to unwrinkled areas he says.

He likes orange-brown rouge on younger women. And he does not like heavy brows on anyone. He trims off straggly hairs, and makes a nice neat not too thin line.

MASS FACE

Pablo, 24, is booked up solid at the Elizabeth Arden Salon in Rome where he has been for seven years. On nights of big affairs he makes up the guests on an assembly line basis, with appointments 20 minutes apart. The balls do not start until midnight.

"I have all my eyelashes clipped in advance, and since I do not use oily makeup it lasts for 12 hours. Here's the way he makes up clients at the salon:

Cleans and tones with skin freshener. Uses moisturizer. Applies foundation, blending well around nose. Matches foundation to neck color, but doesn't make up neck. If neck is yellow uses beige foundation on face. Applies rouge. Puts powder over face, but not too much under eyes. Dampens hands on an ice cube and touches face gently to remove excess powder and "set' makeup.

Debbie Watson, who stars as the 16-year-old "Karen" (in the NBC "90 Bristol Court" trilogy) is actually 15.

YANK AIRMAN RETURNS HOME FROM PARIS JOB

COLUMBUS, Ohio (AP) — A young attorney who never studied a foreign language in high school has returned to the United States after about a year of teaching in one of France's best schools.

"This idea never would have occurred to me in the U.S.," says Clifford R (Kip) Cloud, 28, of DeGraff, Ohio, the lawyer-turned-temporary teacher.

But Cloud — son of the speaker of Ohio's House of Representatives — wasn't in his native land. He already was in France, as an airman in the Ohio Air National Guard wing called to active duty during heightening of tension over Berlin in 1961.

"I wanted to feel I had something to show for the experience," Cloud says. So he began studying French. Then, he says, he learned he could stay in Europe after shedding his uniform and still get government transportation home.

As a result, he and two Air Guard buddies made a 12-nation post-service trip. Upon returning to Paris, he learned that an application he had placed earlier with the French government was approved and he had been appointed "assistant in English" at the Lycee de Saint Cloud.

ENGLISH ASSISTANT

"In France," Cloud notes, "an effort is made to give the student the kind of education he is mentally able to absorb. A lycee is a preparatory school for students who hope to go on to a university. After tests, evaluation by teachers and — to a limited extent — consideration of the youngster's desires, children are separated at the age of 11.

Some go to lycee, some to technical schools and others stay in elementary schools, from which they may later go to technical schools when they're ready, or else go out into the world and work."

Discipline generally is strict in French schools, Cloud thinks, and there are virtually no extra-curricular activities.

"French people I talked with who had taught in the U.S. thought American schools carried democracy too far," he says. "Their point was that not every one has the same ability."

On the other hand, Cloud thinks the French might be able to learn something from Americans about the group approach — teamwork on some things — although he adds: "You can't say one way is right and one wrong."

Youngster's Dog Joins Violators

LARCHMONT, N.Y. (AP) — A patrol from the Humane Society was going through the streets, clipping red tags on collars of all dogs they caught. A red tag meant the dog's owner had to pay a $5 fine.

Little Jim Cunningham raced into his house, to make sure that his dog was inside and while the door was open his dog ran out.

The patrol didn't bother clipping the red tag on the dog — just handed it directly to Jim.

Camera News

Sometimes the terms used in connection with color films are confusing to many camera fans. They simply ask for "color film for my camera." This leads the salesman to inquire, "Do you want positive reversal film or the color negative type?"

That does it. The amateur puts on a "Huh? What did you say?" expression and might be more bewildered than ever after an explanation. With some idea of how color films differ and the purposes for which they were intended, they could ask for a specific film for a specific camers for a specific purpose.

In general, there are two major types of color films: Those that will provide immediate slide transparencies —(these are the "positive reversal" films) and those intended primarily for color prints, (the "negative" color films).

COLOR FILMS

These two general types of color films can be distinguished by the way their brand names end:

1. Color reversal films mainly intended for slide transparencies end with the suffix ". . . chrome" such as Kodachrome, Ektachrome, Ansochrome, Agfachrome, Dynachrome.

2. Negative color films intended primarily for making color prints and enlargements directly are differentiated by the name ending in ". . . color" such as Kodacolor, Ektcolor, Ansolor, Agfacolor.

However, you can have a color print enlargement made from a slide transparency film and a slide transparency made from a color negative film. But that is a secondary or fringe benefit use of the film, not its primary purpose.

In that respect, color negative film is the most versatile of all color material As a negative it will make: 1—the highest quality color prints and enlargements in any number desired; 2—color transparencies in any size and quantity; 3 — black - and - white prints and enlargements on special Panalure paper.

After deciding whether transparencies or color prints are wanted primarily, the camera fan must know his camera's film size: 35mm, 127, 120, 620, subminiature or cartridge-loading.

While most transparency films are intended for daylight photography, there are occasions for shooting under artificial illumination, so a separate type is available. Color reversal film for artificial light has a higher speed rating so it is an advantage to get that type for indoor shooting. The same film may be used outdoors at any time by adding a filter over the lens so make it suitable for daylight photography.

If photography is to be done mainly outdoors, with possibly a few indoor pictures to be taken an easier method is to use daylight type transparency (reversal) film with blue flashbulbs or electronic flash for the indoor shooting.

Color negative films come only in one type for both indoor and outdoor shooting. Proper color balance is attained in the printing of the color negatives by experienced color printers.

EXPOSURE ROLLS

Photo fans with 35mm cameras may choose some color films for weekend shooting (special 12-exposure rolls), 20-exposure rolls for normal use or 36-exposure rolls for more intensive or vacation shooting.

Amateur photographers who wish to process their own color film — either reversal or negative type — can do so by eliminating Kodachrome and those films which come with prepaid processing included. Kodachrome has a complex processing technique which is best done by its own laboratory.

Other decisions which the camera fan may have to make before he decided on a particular brand of color film may involve: 1. the ASA speed of the film (for certain occasions a higher speed film is advantageous); 2. the location of the nearest processing lab in case time is a vital factor, and 3. the cost.

Cupboard Yields Ancient Letter

SPRINGFIELD, Ohio (AP) — A 128-year-old letter, written by Ezra Keller nearly a decade before he became Wittenberg University's first president, was discovered recently in an old cupboard.

The letter, presented to the university, was dated at Louisville, Ky., Oct. 1836. Written by Keller to his fiancee, Miss Carolyn Routzong of Middletown, Md., it recounts experiences of the first 600 miles of a 3,000-mile missionary journey which he was to make from Maryland to Missouri.

In it, Keller — who married Miss Routzong on April 25, 1837 — warns his fiancee to "be choicy (sic) of your company."

LBJ Subscribes To Boy's Paper

BELFRY, Ky. (AP) — Ten-year-old Terry Keesee's newspaper is small by most standards — a two-page weekly, circulation 150.

Its list of subscribers is impressive, though, for among them is President Johnson.

Terry's father managed to get press credentials to enable the boy to meet the President when he visited in Eastern Kentucky. Later the President's office wrote and requested a subscription.

Model Of Frontier Village Is Built

VICTORIA, B. C. (AP) — A full-scale frontier village is springing up at nearby Millstream and will cost its owner $30,000 before it is finished next year.

With 16 buildings, hundreds of antiques and a variety of domestic animals, builder Joseph Carlow says it should make a major tourist attraction.

The buildings will be based on old-style original designs and the whole village will be surrounded by a seven-foot stockade fence.

"Indians in Duncan have been carving a variety of things for the village including two 10-foot totem poles with seven-foot wing spans, another 14-foot totem pole and a 10-foot whale."

He found a lot of trouble getting authentic pieces. He spent a year looking for an antique locomotive bell and found a 100-year-old one by chance.

"I don't want to compromise the authenticity of anything in the village," he says. "I feel very strongly about this period of our history because my grandfather was one of the original pioneers in these parts."

Bert Parks isn't looking in a crystal ball when he says September 12 will see "the coolest Miss America, ever" crowned. What the cheerful emcee has his eye on is all the new air-conditioning equipment the Democrats had to install to make Convention Hall in Atlantic City tenable for their just-ended National Convention.

BUSY MAN

Jim Backus, who'll be heard weekly on NBC this year as Mr. Magoo in the new animated Magoo series, will also be seen — on another network (CBS). He's signed up as a regular on "Gilligan's Island."

BIB AUDIENCE

It is estimated that more than 100,000,000 viewers have seen the "Project 20" production of "The Real West." Shown again in the United States in early September the 1961 program has also been seen in 18 foreign countries to date.

Jim Backus "Mr. Magoo" is one gent who never kids his wife about beauty parlor bills any more. She's addicted to the plush California spa, "The Golden Door," talked him into paying a visit when they inaugurated a "men-only" week. Now he's hooked on carrot juise and sunshine too, at a thousand dollars for the seven days.

Japanese money is minted at Osaka.

"There are some changes ahead for "Mr. Novak" in his Sophomore year. Read about them in Ruth E. Thompson's interview with James Francis-cus. Week of September 20, 1964.
